Ron Kowalski will be the incoming president of Rothwell Seeds International. His first order of business will be to oversee Rothwell’s evolution from distribution house to marketer of its own products. A new corporate partnership with Oregon’s Olsen Fennel Seeds, Inc. (OFI) last fall provides Rothwell with a highly desirable research and development arm, as well as access to OFI’s vast lineup of proprietary cool-season grass varieties and blends. Rothwell Seeds is an expanding company which is looking toward the future, and which still prides itself on the same high values and traditions it has upheld for the past 25 years.

Rittenhouse Sprayers introduces the Treegator Portable Drip Irrigator

An excellent product for watering B&B or boxed trees during storage, preparing nursery stock for digging, or any tree irrigation application. It can be adjusted to last between 1 and 16 hours between fills. Simply zip it around a tree trunk and fill with water. Advantages include: run-off and evaporation are eliminated, irrigation water requirements are reduced, watering frequency is reduced (saves labour), and transplant shock is dramatically reduced. Priced at $28.00 each, one treegator (20 gal.) is suitable for 1” - 3”, two treegators (50 gal.) for 4” - 12”, and three treegators (75 gal.) for 13-24” caliper trees.

Beach Volleyball Courts

Since the bronze medal success of Canada’s team at the ’96 summer Olympics, all of Canada is talking about Beach Volleyball. The fast pace and daring action of this colourful sport has made it an instant hit with fans and players alike. As a venue at the upcoming PanAm Games, and Canada Games 2001, a movement is taking place to teach the sport to our youth and prepare teams for these future events. Closer to home, parks and recreation departments, schools, summer camps, and private indoor and outdoor ventures are incorporating Beach Volleyball Courts into their facilities.

Hutcheson Sand & Mixes has developed a sand that is perfect for Beach Volleyball. The particle size, colour, and cleanliness of this non-calcareous product is getting rave reviews from both amateur and professional players. Hutcheson has also designed a professional court and supplies the material and installation as a turnkey package. For more information contact Todd or Jim at Hutcheson Sand & Mixes, 8 West Street South, Huntsville, Ont. PH1 IP2. Toll free 1-800-461-5521; Local 705-789-4457.

New Rotary Mower

Ransomes America Corp. is pleased to introduce the new 4-wheel drive outfront rotary mower. The model 728 is equipped with a Perkins 28 h.p. diesel engine. Both the 60” and 72” side and rear discharge cutting decks are hydraulically operated. The hydraulic drive provides very smooth operation of the cutting deck and eliminates vibration and repairs to conventional PTO’s and gear boxes. If you are

The World’s Fastest Lawnmower!
Walker Equipment Ltd. introduces the Dixie Chopper Model XXW Series 72”, featuring twin 20 h.p. Kohler command engines, zero turning radius and an optimal cutting speed of 13 miles an hour, six to eight acres can be finely cut in only an hour. The Dixie Chopper’s drive train utilizes two hydraulic pumps and two hydraulic motors, eliminating all chains, sprockets, gearcases and other mechanical reduction devices. With “Quad Loop” the high pressure drive oil is constantly flushed and replaced with cooled, filtered oil giving twice the life of other hydraulic systems. Engine life is also extended thanks to a Turbo Procleaner, additional engine oil filters and engine oil coolers. It’s not any one single element that makes Dixie Chopper better, rather all the little things that make a big difference in the overall package of Price, Performance and Reliability. Contact Walker Equipment Ltd. for more info.
