Second Edition Published

STA Re-releases the popular Understanding Turf Management

Within five years of the printing of 1,000 copies of the first edition of Understanding Turf Management, the supply has run out. The author, R.W. (Bob) Sheard, kindly agreed to prepare a second edition for the Sports Turf Association which was printed in time to be used by the 2006 class of the University of Guelph’s Turf Managers’ Short Course.

Bob says few changes have been made in the second edition; the principal revisions being the correction of typos and grammatical errors and upgrading prices and application rates to conform to 2005 recommendations.

Few changes have been made in the second edition of the book.

The quick sale of the first edition and the lack of suggestions for changes or additions to be made in the second edition are strong indications that Understanding Turf Management is fulfilling an important niche as an inexpensive, but authoritative text for the novice turf manager as well as a handy reference for the more experienced practitioner. Please visit www.sportsturfassociation.com for ordering details.

Welcome to the STA!
