

## REPORT FROM THE BOARD

The Calistoga meeting was a big success, even though there were not too many in attendance. Those who did not make this meeting should be sorry. Our gracious host, Howard Fisher did a fantastic job, considering that he was a last minute substitute. He spread tables under the trees and had a marvelous outdoor barbecue steak dinner. The steaks were out of this world, and the weather nothing less than perfect. Howards good wife did more than her share to help make this meeting a memorial one.

More important was the innovative ideas of our new president, Roger Larson, who structured this meeting around an Open Forum type meeting with a number of superintendents acting as panel members, who each in turn gave the audience a brief talk about a specific point which they felt was of great importance. The general theme seems to be "The Image of the Golf Course Superintendent, and His Relationship With Various Factions of the Society."

The floor discussion really broke wide open when Fernie Espinoza of the Valley Hi Country Club in Sacramento raised the controversial question: What is the Association doing for its members?

It was refreshing to hear viewpoints from the members. The Board felt that an active participation of the members was important to bring some of these problems into the foreground, and then collectively try and do something to rectify these conditions in an open and constructive manner. This would be the only way in which the Association could become a highly meaningful entity for its members. The Board members stressed the fact that Board meetings are open to all members, and if members come to the Board for help, the Board certainly would do its very best to try and solve whatever problem the member had. The only thing that they asked was for the members to speak up and make themselves heard.

DICK VIERGEVER Golf Superintendent for the City of Sunnyvale was the recipient of the second Certified Golf Course Superintendent award for our Northern Association. Cliff Wagoner was the first. Congratulations to Dick, who set a good example for all of us to follow.

#####

DALE ACHONDO Superintendent for the City of Sacramento, is in the hospital recovering from an operation for the removal of a growth in his chest. Speedy recovery, Dale. We like to see your smiling face at our meetings, that is, if you can pull yourself away from those pretty nurses over there.
