

field, Western Director of the UNITED STATES Golf Association. Bill gave a summary of all the papers presented at the entire session and as usual, did a job which was just slightly short of a miracle. Bill has been the "Anchor Man" for all of these Seminars to date and lends a final touch of excellence to the whole proceedings.

Speaking of proceedings, the proceedings for the seminar will be completed with all papers within the next several weeks. Copies will then be available from the NCTC office at P. O. Box 268, Lafayette, CA 94549. The price will again probably be \$5.00 per bound copy.

The session for 1976 will be held at Asilomar on October 1-3. The progressing theme will be "The Evolution of an Irrigation System, Phase IV". This session will be concerned primarily with the SERVICE aspect of irrigation both preventative service and operational service.

RIDING ALONG WITH 97 - by Frank J. DeCarli, Pen-Gro Sales Company,
South San Francisco

Vandals at Palo Alto Hills Country Club on the loose after a weekend tournament. The golf carts left outside to be picked up during the night by the golf cart company were picked up by vandals instead, reports NORM STEWART, Superintendent. The total damage--2 greens, 2 carts in the lake, more damage down in the canyons and around the course.

MANUEL CORDOZA, Superintendent of Cypress Point Golf Club is sporting a new maintenance shop. The building is 35' wide, 100' long and the construction is of a Butler type building. It has showers, bathroom facilities and also a lunch room. Outside wash rack even has hot water to wash the equipment. A first I've seen in the industry! Also read in the paper that President Ford played at Cypress Point Golf Club a couple of weeks ago!!!!!!

Pen-Gro Sales Company has just completed their move from 212 Ryan Way to 233 Ryan Way - just down the street.

"THE WIFE'S LAMENT"

The weeds are rank, the shrubs are dead.
Our manse looks like it's owners fled.

The shingels fall from up above,
On bended knee I beg, my love.

Help save our home from such a bleak end.
Fore sake your golf for just one weekend.

Always remember, make work a pleasure and everything shall come easy for you.
