

tedious task, but the results were very good. We hope the sod has knitted in 4 weeks when we will aerate, topdress, and open the green for play. After two weeks new roots are pushing out so we might meet our goal. - - - - Tom, we would like to hear how the new green is doing, keep us posted.

## GOLF COURSE SUPERINTENDENTS ASSOCIATION

OF NORTHERN CALIFORNIA

"To Make More Abundant the Pleasures of Golfing"

3870 Coutolenc Road  
Magalia, CA 95954

Dear Member:

The purpose of our Association is to bring together the members to exchange ideas and to associate with others in the profession and those in related fields. The membership continues to grow at a healthy rate but the attendance at meetings and Association participation is not following the same pattern. Board members are making a sincere effort to furnish you with activities which fulfill the original purpose. Sometimes we are doubtful if we are really accomplishing this because only an average 80 out of 300 plus members attend monthly meetings and only about 35 out of a possible 141 attend and vote at the annual meeting.

We solicit your suggestions and criticism be it positive or negative so we can know what you want from your Association. If you have a subject you want covered, know a good speaker or a location for a meeting, be sure to let a Board member know. This is YOUR ASSOCIATION and we want you to get as much from it as possible, so take time out to write and express your views.

Yours truly,
