

DIABLO COUNTRY CLUB was established as a golf and Country Club in 1917. It is still one of the most historic and beautiful Country Clubs in Northern California; set in a charming, natural atmosphere, and popular for that reason. The Club facilities include an historic chalet but modernized club house in the early California style. The 127 acres occupied by Diablo CC are nestled among the folded hills at the base of 3,849 foot high Mt. Diablo.

From 1963-1968 Sohan worked at El Macero CC under Obie M. Noonkester. In December 1968 he moved to Sequoyah CC where he was assistant to the best known golf superintendent, Walter Boysen and Gurmit S. Sandhu. In 1972 he got his first Superintendents job at Diablo CC. During the 9½ years at Diablo there have been many improvements. Sohan has taken many steps to improve the drainage problems and a Toro sprinkler system was installed in 1974. A dozen new sand traps have been added and lots of trees planted, also a 3/4 acre lake was added between the 4th and 5th fairway. All the dirt from the lake was used to build mounds around greens. Last year a new maintenance building was raised and you will also find 5 new tees on the golf course.

- Sohan Singh
