

YOUR HOST SUPERINTENDENT - by Robert Livesey, CGCS, Visalia

Jeff started out at Monterey Peninsula CC in 1970. He worked there for 5 years, 2 of those under John Zoller to whom he gives credit for getting him going. In late 1974 Jeff moved to Corral De Tierra CC as Assistant Superintendent under Glen Welch. After Glen left Jeff was appointed to the position as Superintendent in 1978.

Jeff holds an Associate Science degree in Turf Management from Monterey Peninsula College and he is a native of Carmel.

Corral De Tierra CC was designed and built by Bob Baldock and opened in 1958. One of the finest points of the course is its valley setting. Corral De Tierra has approximately 50,000 rounds of golf a year and is considered to have the hottest weather in Monterey County.

AUGUST MEETING - Our thanks to Steve Carlton for the use of the excellent facilities at the San Jose CC. There were 95 members in attendance. Roger Gordon spoke on updating "Irrigation Systems". He covered the basics from the hose bib to the more sophisticated systems. Some of the pitfalls that can be encountered when you start upgrading an automated system were covered. Overall it was a very good day.
