

GOLF REPORT - Mike Clark, Oakmont GC, Santa Rosa 707 539-7891

There were 101 players in our annual Superintendent-Professional tournament at Del Rio Country Club. This was my first opportunity to play in this event, and I'm sorry I missed the others. If the other participants had as much fun as our 4-some, the day was a success.

I do feel as Golf Chairman I should have had the score cards already made out for the players. Also a tournament information sheet should have been attached to each card. This would have eliminated most of the confusion in figuring out the winners of the different flights. I'm presently working on these changes and will be accepting other suggestions from you, the member.

We need a site for next years event, so call myself or Randy Gai if you are interested in hosting this event.
