

PENINSULA GOLF & COUNTRY CLUB originated as Beresford Country Club in 1912. The original club house was built in 1913. The membership was drawn from the wealthy San Francisco society and remained basically unchanged through 1941.

Nineteen forty-one dates the beginning of the Peninsula Golf & Country Club as we now know it. There have been numerous renovations from this date as the surrounding area of San Mateo developed. The last course change was the redesign of the fifth green in 1978.

The current management of the course is under the supervision of FRED MAYS who has been superintendent since 1966. The 18 hole championship course measures 7,494 yards, par 71, course rating 71.3, which is built on approximately 70 acres. Full restaurant dining facilities, pool and tennis courts complete the services offered at the club.

Bob Moore has been the Class A P.G.A. head professional since 1968. He and his staff offer a full range of services from teaching to club fitting and repair.

+++++

JANUARY meeting - The hospitality of Roy King and Sharon Heights CC hosts for our meeting was superb. The rain did not dampen the warmth and cooperation between the management and staff. The food was excellent. Thanks to Roy and Sharon Heights for a very enjoyable day. 102 were in attendance.

LAST MONTH FOR STAMPED-RETURN RESERVATION CARD

The Board of Directors voted to DISCONTINUE PUTTING POSTAGE ON CARDS WHICH ARE RETURNED TO MAKE RESERVATIONS FOR THE MEETINGS. The past policy of including postage has grown more expensive and wasteful with the increase of rates since a small percentage of those sent out were returned. Cards will be sent for reservations but REMEMBER to place a stamp on the card when returning it next month. CONTINUE to send cards in to make reservation for lunch and golf.
