All 1982 plates for plaques should have been received by now:

GCSA OF AMERICA - We have an Action Request from James Prusa, Director of Education wanting a critique on the conference in New Orleans

Northern California Board would like comments about all aspects -- opening session, Monday night get together, education (USGA Green Section part included), ladies program, equipment show, magazine delivery at the door, registration, banquet and entertainment, program book, etc. Hope the following attendees will take time to jot down your thoughts and return them to the office or any board member so suggestions can be compiled at the board meeting (March 18th) and sent in. National is asking for your suggestions good or bad. Help them to make the Conference like the majority wants.

The list was compiled by Don Naumann, Rich Lavine, Tim Sedgley, and Cliff & Myrtle Wagoner on the plane returning from Conference. If we missed you, we are sorry--but don't let that stop you from sending in your ideas.
