

HOST SUPERINTENDENT - Stanley Burgess, Richmond CC

Stan grew up in the Chico area and spent his childhood years farming with his father. He attended school at Chico State, Yuba College and Merritt College majoring in ornamental horticulture. Stan's first superintendents job was at Wilcox Oaks Golf Club in Red Bluff in 1969. In 1972 Stan accepted a position at Claremont CC in Oakland. He then took the job at Richmond Golf & CC about 2 years ago.

The Carquines Golf Club, opened in 1925, had original greens made of cottonseed because water was a problem. After water was found on a nearby lot, a complete rebuilding began to turn the course into the championship layout it boasts today. The name changed to Richmond Golf & Country Club and in 1974 the members purchased the land from Bethlehem Steel.

Many THANKS to Robert Dauterman and the most hospitable staff at Sequoyah Country Club for a wonderful day and a great golf course.

Thank you to Edward Haskell, Deputy Labor Commissioner, Department of Industrial Relations, Division of Labor Standards Enforcement, State of California, for his helpful talk on labor problems.
