## editor's note . . .

in the past it has come to the attention of some that some people may play golf and not attend the meeting or lunch. Or by the same token many have sent their reservation card in showing they were going to attend the meeting and lunch and maybe golf; and then never showed and didn't even call to cancel. That is very inconsiderate let alone very unprofessional for a professional organization. Not everyone is guilty of these inconsiderations and some may even be an oversight. I personally seen one of these atrocities at our Annual Meeting. I will recommend to the Board of Directors at the following meeting that we check golf, lunch, and reservation cards after each meeting, and if there is a violation that the person will be billed for the lunch. If nothing else we owe it as a courtesy to the Host Club and our fellow Superintendent.
