- \* Mark your calendars! We will have a Regional, 2-day GCSAA Seminar on "Golf Course Design Principles" on October 21 & 22. The location and cost will be announced at a later date. This is the same course offered at the National Conference each year with the instructors of Bob Graves and Geoffrey Cornish. Please plan to attend it is an excellent class.
- \* Many thanks to Joe Andrade and the staff at the Sierra Inn for hosting the Joint meeting with Sierra/Nevada. Thanks to Dick Howe and Sierra/ for inviting us, it was an excellent program. Thanks to John Ford for his program on pesticides - their use, the new laws, calibrations, and hazardous wastes, for it affects us all. An excellent program.
- \* We still have many people "Delinquent" members who have not paid their dues. If you don't receive your newsletter after this issue - that could be why. Dues are due and payable in October of previous year - I think you have had long enough.
