## Bill Passed to Regulate Storm Water

California: S.B. 72 would require the State Water Resources Control Board to develop a uniform stormwater monitoring program for regulated industries (including golf course construction) by 2003 and require that the requirements established under that program be included in all stormwater permits. Regulated industries would also be required to implement a stormwater-monitoring program before Jan. 1, 2003.

## GCSANC Newsletter Schedule

My goal each month is to get the Thru The Green newsletter into the member's hands before each monthly meeting. Due to mailing problems, the newsletter has been late the last couple of months. Please bear with us as we try to improve the mailing procedures.
