

GCSANC QUICK PROFILE

**Jeff Hardy**  
Host of the July  
GCSANC Meeting

**Employer:** Laguna Seca Golf Ranch

**Position:** Golf Course Superintendent

**Years in the Golf Business:** 19

**Previous Employment:** Golf Course Supt. at NAS Moffett Field GC

**Education:** BS degree in Ag Science, CA State Univ. Fresno; working on a 40 unit certificate in Automotive Electronics, Diagnostics, Tune-up and Smog from Hartnell College.

**GCSANC Work or Interests:** I'm involved with the Anguina Field Research Golf Course Working Group by contributing weekly data pertaining to *Anguina pacifica* outbreaks, monthly nematode sampling, and attending group meetings.

**Other Organizations:** National Multiple Sclerosis Society – Silicon Valley Chapter.

**Family:** Wife Holly, Maine Coon cat named Rosie, Long-Haired Chihuahua dog named Pancho.

**Interests Outside of Golf:** I'm a "car head." I enjoy working on automobiles, especially on my 1980 Anniversary Edition 280 ZX (my baby!) I also have a personal goal of earning all eight Automotive Service Excellence (ASE) certifications in Automobile Repair. I presently possess patches in Engine Repair, Brakes, Electrical, Air Conditioning, and Engine Performance.

**Favorite Vacation:** Wherever the GCSAA conferences are held (as long as my employer pays for it!) Actually, my wife and I love to visit the bucolic Point Reyes, CA area.

**Favorite Course to Play:** I enjoy playing Contra Costa CC in Pleasant Hill because it brings back fond memories of when the membership there begrudgingly let my 1970's high school team consider it our "home course" and play on Mondays during the springtime.

**Course You'd Like to Visit:** I'd love to visit the Coeur D'Alene Resort Golf Course in Idaho as long as they let play with the controls on hole #14 (the floating green!)

**Strangest Thing You've Witnessed On The Golf Course:** A golfer once gave me a compliment on the condition of the golf course at the end of one summer then followed it by launching into a litany of complaints.

**What You'd Be Doing If You Weren't Involved With Golf:** I'd be employed as a smog technician.
