

P R E S I D E N T ' S M E S S A G E by Michael R. Clark, CGCS

My first meeting as president of our Association was exciting on one hand but disappointing on another. Meeting superintendents from other parts of our State and talking with them about our common interests is always enlightening. The two day meeting went very well and was received by those who attended equally as well.

Attendance was the disappointing factor of the May meeting. We have 280 members yet we had barely 10% of them in attendance. Many hours of work went into the May meeting. Although both the educational meeting and golf tournament were successful, I feel as though we failed the membership in that they did not view the meeting as valuable enough to attend.

I would hope that members will tell me and other board members what they felt the May program did not offer. In doing so, we can provide more pertinent subjects to the interests of our membership.

Mike
