

PENINSULA GOLF & COUNTRY CLUB originated as Beresford Country Club in 1912. The original club house was built in 1913. The membership was drawn from the wealthy San Francisco society and remained basically unchanged through 1941.

Nineteen forty-one dates the beginning of the Peninsula Golf & Country Club as we now know it. There have been numerous renovations from this date as the surrounding area of San Mateo developed. The last course change was the redesign of the fifth green in 1978.

The current management of the course is under the supervision of FRED MAYS who has been superintendent since 1966. The 18 hole championship course measures 7,494 yards, par 71, course rating 71.3, which is built on approximately 70 acres. Full restaurant dining facilities, pool and tennis courts complete the services offered at the club.

Bob Moore has been the Class A P.G.A. head professional since 1968. He and his staff offer a full range of services from teaching to club fitting and repair.

+++++

JANUARY meeting - The hospitality of Roy King and Sharon Heights CC hosts for our meeting was superb. The rain did not dampen the warmth and cooperation between the management and staff. The food was excellent. Thanks to Roy and Sharon Heights for a very enjoyable day. 102 were in attendance.

+++++

LAST MONTH FOR STAMPED-RETURN RESERVATION CARD

The Board of Directors voted to DISCONTINUE PUTTING POSTAGE ON CARDS WHICH ARE RETURNED TO MAKE RESERVATIONS FOR THE MEETINGS. The past policy of including postage has grown more expensive and wasteful with the increase of rates since a small percentage of those sent out were returned. Cards will be sent for reservations but REMEMBER to place a stamp on the card when returning it next month. CONTINUE to send cards in to make reservation for lunch and golf.

Wednesday, February 17, 1982 8:30 a.m.-6:00 p.m.
 Thursday, February 18, 1982 8:30 a.m.-3:00 p.m.

TOM CHRISTY, Almaden CC, San Jose passed Class B exam

BOB ZOLLER, Monterey Peninsula CC, Pebble Beach passed Class A exam

NICK BAKANOFF, ISERAL BALL, CHUCK MANGOLD reclassified to Class E

TURFGRASS ADAPTIVE RESEARCH PROGRAM (TARP)

The TARP program -- a cooperative effort between the Northern California Golf Association (NCGA), the Golf Course Superintendents Association of Northern California (GCSANC) and the University of California, Agricultural Extension Service, Department of Environmental Horticulture -- was designed to search out information on problems on golf course maintenance and to disseminate that information to the clubs via the golf course superintendent, the green chairman, and other club officials. One way to get this information out is the TARP regional meetings normally held in the spring of each year. These meetings are planned again this year beginning in April and ending in June.

In the past the programs at the meetings have been academic. This year the plan is to give the superintendent and green chairman the opportunity to help decide what they want covered in their area. The programs will be structured to cover progress on the work that is being done at UC Davis, a report from the Farm Advisor in the County that the meeting is held, and NCGA and GCSANC representatives dealing with current and timely subjects

Northern California Golf Association will be sending this information out to the clubs and green chairmen.

REGIONAL DATES FOR TARP MEETINGS

April 8	Carmel Valley, Carmel	May 27	Santa Rosa CC Santa Rosa
April 20	Almaden G & CC, San Jose,	June 8	Rancho Murieta CC
27	Redwood Empire G & CC, Fortuna	June 15	Claremont CC, Oakland
May 6	El Rancho Golf Club, Chico		
11	Kings River CC, Kingsburg		
18	Stockton CC, Stockton		

REGIONAL TARP MEETING SURVEY

SUPERINTENDENT NAME _____

PROPOSED AGENDA

Report on experimental green and other data from UC at Davis

Review from local Farm advisor on projects carried on in the field

Your input is needed to furnish items for discussion for this part of the program

The NCGA and GCSA of NC will discuss the queries sent in by superintendents and green chairman which will be of interest to everyone in the audience.

Would you like a discussion on the following items? Number then in the order in which you consider important. #1 is the most important #10 is the least

___ Irrigation

___ Drainage

___ Irrigation equipment

___ Grass strains

___ Fertilizer

___ Fungicides

___ Herbicides

___ Insecticides

___ Water quality

___ Sand for traps

___ Sand for green construction

___ Trees

___ Speed of greens

___ Thatch control

___ Height of cut

___ Greens

___ Tees

___ Collars

___ Fairways

___ Rough

___ Mowing intervals

___ Golf course equipment

SECTION II - Number from 1 to 10

- | | |
|---|--|
| <u> </u> Budget | <u> </u> Communications with pro & manager |
| <u> </u> Personnel | <u> </u> Communications with board & committees |
| <u> </u> number on crew | <u> </u> Contracts |
| <u> </u> annual cost | <u> </u> Employee benefits |
| <u> </u> Water costs | <u> </u> Club organization chart |
| <u> </u> Public relations | <u> </u> Superintendent responsibilities |
| <u> </u> Communications with members | <u> </u> Green chairman responsibility |

If you wish other items discussed, please list them

Also if you wish a specific area discussed of any of the items above, please so note. Your prompt reply will enable us to include your request on the program.
