A GOLFER'S BIBLE

"A ball rolling or lying near a bunker or sand trap may be played if the player feels he is in need of practice, no strokes other than the first one made in the bunker shall be counted against said player. Should the ball fail to emerge after the making of the first stroke, the faulty design of the bunker is deemed amply demonstrated and the skill of the player should not be penalized for a defect in construction over which he has no control.

"In arriving at a judgement whether or not ground is under repair, for the purpose of lifting a ball unpleasantly situated without penalty, the player shall toss a coin. If it falls, the ground may be deemed under repair."
