

# Delta Bluegrass ca

For over a decade Delta Bluegrass Company has been producing and installing superior quality peat grown sod throughout California. Its Bluegrass blend, Blue Rye, Fescue, Bluegrass, and Bent grass turf varieties are designed, blended, and cultured in an environment that consistently produces sod that is free of weeds, disease, and insects. Delta Bluegrass Company's meticulous culturing and responsive service practices have provided the demonstrated dependability demanded by the landscape industry as a whole. In the event of summer water shortages, the lower water maintenance requirements and versatility of the Fescue blend may prove beneficial. Delta Bluegrass Company's innovative customer relationships are provided and characterized by the one-on-one meetings with end users as well as well as specifiers, distributors, and installers.
