

AUTOMATIC RAIN COMPANY PURCHASES PLANT GRO

On January 3, 1992 Automatic Rain Company purchased the assets of Plant Gro Corporation, a wholesale distributor of grounds maintenance materials since 1958. From their existing locations in Petaluma, Daly City, Concord and San Jose they have offered a complete selection of fertilizer, chemicals, amendments, grass seed, hand tools and safety equipment. Plant Gro also operates a separate industrial spray division from its Santa Clara and Petaluma locations; this operation will continue its service as a separate company called Plant Gro Spray Co.

The complete line of products and trained personnel at the Plant Gro locations in San Jose and Concord are now combined with our present facilities at these locations to offer you competitive one-stop shopping. The Plant Gro locations in Daly City and Petaluma will be moving to expanded facilities which will enable us to compliment their existing offering of products with the addition of a full line of irrigation supplies. By the spring of 1992 we will be integrating the entire Plant Gro product line into all of our current and future locations.
