Mr. Fream's experience as a golf course architect spans over thirty years where he has worked in over 50 countries. He will be joined on the program by GCSAA CEO Steve Mona. The program begins at 3:00 p.m. and concludes with cocktails and dinner.

## Membership Input Sought Through Survey

In the January General Meeting registration packet you likely noticed a questionnaire concerning the selection of future GCSAA sponsored seminars. As the accompanying letter explains, the Board of Directors is interested in your opinion on issues facing your Association, as well as current and future programs and policies. Hopefully through the occasional use of surveys such as this, the Board of Directors will better be able to serve the needs of the membership. The Board urges you to take a few moments and offer your comments to this, and future surveys.
