PERMACORP™
DRAINAGE AND INFILTRATION SYSTEMS

Introducing Perma Panel™

The efficient drainage system designed to function as both collection & discharge in one unit!

- ◇ Easy to install using a common trencher
- ◇ No large crews or heavy equipment needed
- ◇ Low profile of product allows for shallow installation
- ◇ Narrow width allows for narrow trench
- ◇ six foot lengths are easily transported
- ◇ Easily connected to other drainage pipe and products on today's market
- ◇ No need to order "special" expensive fittings to make connections
- ◇ Less than half the installation costs of typical "rock & pipe"
- ◇ UPC® Certificate of Listing — meets Uniform Plumbing Code®
