Wind
he's got
plenty
of...

Do you?
You should.
It's important to keep
on breathing.
After all, you're a can-
didate too. For health. For a
reasonably long life.
If you're short of breath...
if you cough too much...
you may find it tough to win.
Don't take chances with these
symptoms of respiratory
disease.
Take good care of your
wind; you'll need it as long as
you live. This is the recom-
mendation of your local
Christmas Seal organization
and the National Tuberculosis
Association.
Short of breath?
Cough too much?
Don't take chances.
See your doctor.
