Any crew can transplant one tree... but only Vermeer Tree Spades transplant a forest.

You’re looking at the profit end of a low-cost, high-production tree transplanting program—with “The Diggin’ Dutchman’s” TS-44A Tree Spade from Vermeer. Compare it with a whole crew of laborers and you’ll see what we mean. The TS-44A requires no coffee breaks... no lunch hours... no overtime wages... just an occasional tank of gas to keep its hydraulically-operated spades digging, balling and transplanting a forest of trees up to 4" in diameter. Saves you thousands of dollars annually because one man can handle the entire job in minutes. Interested? Write "The Diggin’ Dutchman" for all the facts.
