## The Bunton Breed

Introducing the 36 inch cut Bunton Rear Discharge mower. A new design deck allows close trimming on both sides, helps prevent windrows and gives you a clean manicured cut (not that just-cut look). The new variable speed drive gives a wider range of ground speeds. The 3 gallon fuel tank and Hi-Way front caster wheels are standard equipment. This new mower is designed for fine lawns and rough areas. The finger tip control gives the same easy handling and hill-side stability and maneuverability as the other Bunton Self-Propelled models. Also available is a new 52 inch rear discharge mower.

**Banvel**  
**tough on weeds,**  
**easy on turf.**

**Beautiful results!** How often have you tried a herbicide only to end up with poor control or damaged turf? No longer. Banvel® 4S, Banvel® +2,4-D, and Provel® give you economical control of more than two dozen difficult weeds. Weeds that other herbicides often miss. The translocating action of Banvel® and Provel® attacks the entire weed, roots and all, to get at deep root and regrowth problems. True season-long herbicides, they can be used in warm or cool, wet or dry weather, and store through the winter without loss of potency. They mix readily in hard or soft water, and may be applied with conventional spray equipment. **Banvel® 4S for tough weeds, Banvel® +2,4-D for pre-mixed chemicals and broader spectrum control of broadleaves, and Provel® for pre-mixed chemicals and broader spectrum broad-leaf control with less Dicamba.** You get beautiful results, at a cost you'll find pretty attractive, too!

Before using any pesticides, read the label.
