# DON'T CUT OUT QUALITY.

DO IT RIGHT, WITH STANLEY. Quality, by our standard, is something which goes a lot further than making tools. To Stanley, it means: a full line of tree trimmers for every job; the best warranty in the business; complete parts backup; and distributors to help you anywhere in the country. It's also the efficiency, safety and dependability of hydraulic power. We don't trim on anything so that you're able to do your trimming faster. Stanley Hydraulic Tools: 3810 S.E. Naef Road, Milwaukie, Oregon 97222. Phone (503) 659-5660. Telex 360771. Write or call.

# STANLEY

Circle 133 on free information card

**NEW 1" NYLON VALVE**

## WE WROTE THE BOOK ON VALVES

Weather-matic remote control 1" nylon valve is sturdy, reliable and economical. All brass flow control stem is non-rising; operates from full open to full close. Hand operated all brass bleed control bleeds downstream; has stops for open and close positions. Body and cover are durable, high-strength glass-filled nylon.

### THE TURF IRRIGATION MANUAL

A definitive reference book on landscape irrigation just published by Telsco. Copies may be ordered from the factory.
