

# GOLF PRODUCTS

## Fluid overflow systems stops leaks and streaks

Standard Golf's improved Professional Series Ball Washer features a fluid overflow system that prevents leaking and streaking of the case.

The overflow tube keeps the fluid level below the crank shaft opening in order to prevent soap from building up on the outside of the case. It cannot be overfilled.

A drain plug makes it easy to drain and can't be overtightened. The washer can handle up to four balls at a time, comes in eight colors and can be mounted on a number of stands.

## Limb chipper features 90-degree in-feed angle

Promark Products has introduced the model 400 brush and limb chipper to handle tough brush and limb jobs.

The 400 chipper uses a 90-degree in-feed angle to let both knives cut the full diameter of the limb. The chipper

provides a fixed hydraulic feed rate of 152 F.P.M.

A safety bar on each side and over the top of the hopper can instantly start, stop or change the direction of the feed rollers. The feed table is located at the rear of the chipper to keep

operators away from moving parts. The two 14 1/2-inch knives and 14-inch bed knife will cut limbs as large as 10-12 inches in diameter.

## LV lighting system brightens floating aerators

A high-intensity, low-voltage lighting system from Barebo, manufacturer of Otterbine floating aerators, is designed for use in conjunction with Otterbine floating aerators.

However, the light's universal mounting bracket allows its use on any type of fountain such as those around pools.

The light meets national electric code requirements and passes testing standards of the electrical test-

ing laboratories, according to the company.

## Simple device removes water from cup holes

The Model 950 Cup Hole Cleaner from Par Aide removes water from cup holes before turf plugs are replaced. In doing so, it helps eliminate unsightly turf damage resulting from plugs replaced in water-filled putting green holes.

When placed in the hole, water rises through a center tube and flows into the outer holding section of the cup cleaner, which is lifted out and emptied.

Par Aide will display this and other products at booth 2053 of the Golf Show.

## Custom flags emblazoned with course logo or number

Custom flags from J.D. Ober are made of 100 percent nylon and sewn with sun-resistant Dacron thread and double hems.

Personalized logos or numbers are screened with long-lasting epoxy ink. The flags are mounted on double-sided grommets or plastic tubes.

## Portable sprayer comes with or without wheels

Falkenberg's Spotlyte portable sprayer is available with pneumatic tires for towing or without wheels for easy mounting on trucks, tractors or ATVs.

The Spotlyte comes with a 20-gallon polyolefin tank with an eight-inch vented lid. The tank also has a 20-year U.V. protection. The sprayer comes with a 30-foot nylon reinforced hose and lightweight gun with an adjustable conejet nozzle.

Available options include addi-

tional hose lengths, 12 volt or 110 volt connections, flat fan nozzle, solution tank agitator and variable pressure control.

### Cabinet maker branches into golf course market

Robert P. Marasco Cabinets has added golf signs to the company product line. The sandblasted, 1 1/2-inch-thick vertical grain redwood signs come painted in a variety of colors indicating tees, hazards, distances, etc.

In addition, the company shoots distances for accurate installation of yardage markers. It will also install tee markers if requested.

### Injection-molded products add to company's line

Five new injection-molded golf accessories have been added to Outdoor Products' line of golf accessories. Directional signs are sturdy plastic and 6x12 inches in size.

They are mounted on foot-long stakes. Two-inch lettering is easy to read from a distance.

Flat anti-rebound tee markers are made of high-impact plastic in red, white, blue and yellow. The one piece markers are five inches in diameter but just a quarter inch thick to virtually eliminate rebound from a dubbed shot.

Erasable ink makes for multi-pur-

pose directional signs for nearly any purpose. The company also manufactures proximity markers for closest to pin and longest drive contests, and 15-inch tall (when in ground) hazard stakes.

### Boom sprayer mounts on back of golf cart

The Westheffer Company's newest golf cart sprayer features a "Cable-

flex" boom, a completely cable-suspended boom for less bounce and more even coverage. "Cable-flex" booms are available in 15- or 21-foot lengths.

The sprayer also features an adjustable boom height rack, three section boom control valve, an easy-to-read pressure gauge and a polyethylene corrosion-resistant tank with 100- or 150-gallon capacities.

In addition, it comes with a centrifugal pumping system and gas engine or PTO drive. The golf cart sprayer is also available with a 30- to 40-foot swath Boomjet. A hand-gun, hose and hose rack assembly for spraying trees and shrubs is optional.

# GET THE THATCH OUT!

According to turf experts, **excessive thatch** must be **removed** after a hard winter in order to have healthy turf in the spring. Thatch prevents **nutrients** from reaching down into the root structure. Result: the lawn cannot breathe and grow properly.

**BLUEBIRD INTERNATIONAL®**

knife reel

flail reel

BlueBird has the **most complete line** of power rakes in the industry, a rake for every lawn and purpose. Spacings for every application. ## Company's complete line fits golf course needs

A complete line of golf course accessories from Rico Manufacturing & Supplies can outfit a golf course from the practice green to the 18th tee.

Fiberglass flag poles come in regulation and tournament sizes in seven- and eight-foot lengths and are highly flexible. Custom striping is available.

Fiberglass sand trap rakes have a flexible four-foot handle and will float if they encounter any angry golfers. Flags come in custom designs with ei-

ther numbers, course logo or both in tube or grommet styles. The silk-screened nylon flags also come in sizes for putting greens.

In addition, the company manufactures ABS plastic cups and other accessories like brooms and squeegies.

## Hole designs etched in 'natural stone'

Tri Dimensional Designs puts numerous finishes and colors in a dis-

tinguished appearance on new Cylex Granite signs.

The signs won't crack or peel and have the look of real sandblasted granite. Raised or depressed lettering gives distinctive, multi-dimensional signs.

The company also makes tee, cart path and yardage markers in both Cylex granite and Cylex marble.

## Jacobsen triplex works in tough conditions

Jacobsen's new Tri-King 1471 offers superintendents 3-wheel drive. The new option gives operators better traction and maneuverability. The triplex will perform on slopes or in wet conditions.

The turf manager can mold the mower to fit the property's conditions. The triplex is available with options including 5- or 10-blade reels, grass catchers, grooved or solid front wheels, front micro-height adjusters and traction wheel weights.

# LANDSCAPE MANAGER OF THE YEAR

co-sponsored by

**LANDSCAPE MANAGEMENT**  
Formerly WEEDS TREES & TURF

1987 Landscape Manager of the year  
**Michael Hugg**

**E**ntry forms are now being accepted by the Professional Grounds Management Society and Landscape Management magazine for their second annual "Landscape Manager of the Year" award.

Purpose of the award is to recognize superior job performance among landscape managers, to challenge those involved in the industry to achieve higher standards of excellence, and to bring national recognition to deserving managers.

**A**ny person directly responsible for the professional maintenance of one or more landscapes is eligible to enter. Applicants will be judged according to job performance, honors and awards, procedures and philosophies, and contributions to the green industry. Applicants will be asked, at the time of entry, to submit four 5 x 7 black-and-white glossy photos and 10 color 35mm slides of current work areas with a short narrative on each.

## Ball washer cleans up with six-pint capacity

The new Lesco Ball Washer has a six-

pint capacity and is constructed of rigid ABS plastic.

The helix-shaped agitator, unlike crank-type agitators, provides agitation for complete cleaning. A minimum of working parts keeps mechanical troubles down.

The red plastic body resists damage, can be painted as desired and can be personalized with decals.

### Tee markers supported by national sponsorship

Tee markers manufactured by T-Graphics, Inc., are made of sand-blasted California redwood and painted in different colors for tees, fairways, greens and hazards.

The company operates on a national sponsorship program which allows golf courses to obtain the signs for free, and even get revenue sharing for each sign.

The company does this by attracting national sponsors such as American Express, for the signs. The advertising pays for the signs, which are supplied to golf courses at no charge under a five-year program. Courses get \$75 per sign per year in

revenue sharing.

About 400 courses receive the signs, which the courses must install. T-Graphics will be in booth 2653 at the GCSAA Show.

### Controlled release nitrogen has low burn potential

Coron slow release nitrogen fertilizer from the Coron Corporation is an organic slow release fertilizer with low burn potential.

It is storage stable and has low volatility of nitrogen to the atmosphere to stay where it is put. Coron promotes quick green-up and even turf growth over a longer period of time.

It is compatible with commonly available turf care products and is easily

blended into N-P-K liquid fertilizer.

### Repair tool cuts sod for all parts of golf course

The Turfgrass Repair Tool from Gordon Witteveen Enterprises cuts a square

piece of sod nearly four inches deep. It is ideal for repairing scars and scrapes, fertilizer burns or chemical spills.

The Repair Tool can be used on tees, greens and fairways. It is available in six- or nine-inch sizes.
