

Next day shipping for Millcreek turf aerators

Millcreek Manufacturing Co. announces a "Quick-Ship" program for turf aerators which guarantees next day shipping of any Millcreek core aerator when phone orders are received by 1 p.m. on any business day. Buyers pay no freight charges if Millcreek fails to meet the dead-

line. Millcreek also provides a free "Aeration for Profit" Kit, containing basic "how-to" booklet offering knowledge on aeration benefits plus marketing tips, a professionally prepared newspaper ad slick, and a reproducible sales flyer which landscapers can customize for their own promotional purposes.

To learn more about the "Quick-Ship" program, profit kit or any of the company's 13 turf aerator models (sizes from 42" to 105" wide), contact Millcreek at (800) 879-6507, or

Bayleton in new, convenient packaging

Bayleton Fungicide is available in a new formulation that offers the same broad-spectrum disease control in new, convenient packaging. Bayleton 50 Turf and Ornamental Fungicide offers the convenience of mini-drum packaging with 88, 5.5 ounce PVA pouches per drum.

The new formulation provides the same consistent performance as Bayleton 25 at reduced application rates. Bayleton 50 controls, as well as prevents, many turf fungal diseases including dollar spot, brown patch, summer patch and other diseases on turf, flowers, foliage plants, shrubs and shade trees. Its systemic action offers lasting residual control of up to 30 days or more.

Plows designed for medium/heavy-duty trucks

Henderson Manufacturing Company's new line of SNOWfoe snow plows includes reversible, one-way, patrol wing and mid-mount wing

plows for medium and heavy-duty trucks.

"An exhaustive study was conducted to determine the shortcomings of other makes and the needs of customers before pencil was put to paper," said Marty Ward, director of sales and marketing for Henderson.

"We've been

marketing spreaders and pre-wetting equipment for some time now and we are comfortable that we have addressed the needs of the market with some unique solutions."

For more information about the SNOWfoe plows contact Henderson Manufacturing at their Manchester, Iowa, headquarters at 319/927-2828, or

Landscape lighting comparison charts

California Landscape Lighting has updated its much requested landscape lighting fixture comparison charts. The charts are free to landscape lighting trade professionals.

There are four separate comparison charts, which make non-biased specification comparisons on fixtures by several different manufacturers. They are titled: "Deck, Gazebo & Patio Lighting", "Step & Niche Lighting", "Mercury Vapor", and "Well Lights".

The information supplied includes everything needed to know to make a fixture selection, such as fixture size and dimension, construction material, finishes, lamp requirements, mount type, and more.

To get your free copies, call California Landscape Lighting Customer Service at 800/457-0710, or

A brush to complete topdressing tasks

The GreensGroomer topdressing and grass grooming brush is one of the simplest tools that a golf course superintendent has available to use. The unique brush layout of the brush moves the topdressing three times as it's being moved forward its own length. The result is that topdressing materials become almost invisible when the job is completed.

The stiffness of the brushes used on the groomer is balanced with the total weight of the system resulting in the power to move topdressings without any harm to the golf green. And with its quick raising/lowering, pneumatic tire transport system, a few simple turns of a winch handle results in it being ready to go to the next green for more work.

The unit is constructed of high-quality components. The finish is high luster baked enamel available in either red or green. Wheel axle assemblies are quickly removable for tire repair and the plated axle is rust resistant. Grafoil wheel bearings are equipped with grease fittings for long wear and resistance to sand environment.

To learn more about the unit contact GreensGroomer at 317/298-8852 and tell them you read about it in LANDSCAPE MANAGEMENT, OF

>PRODUCT REVIEW

This tool is handy for Rain Bird emitters

The Xeriman Tool allows contractors to install Rain Bird Xerigation emitters 50 percent faster. Contractors can use the five-function tool to insert Xeri-Bug emitters and PC modules directly into 1/2", 3/4" or 1" tubing cleaning, quickly and easily. You can insert emitters and PC Modules into drip tubing while continuously feeding 1/4" distribution tubing from a coil, insert emitters with preattached tubing that has been precut to the desired length, remove emitters cleanly without leaving a gaping hole, and easily insert goof plugs into the holes left when incorrectly installed emitters are removed.

Gravelly front-mount mower easy to operate

Gravely's Promaster 360 commercial front-mount mower is available with a 22.3-hp Yanmar liquid-cooled diesel engine and a choice of 50" or 60" side-discharge or 60" rear-discharge mulching mower. Each mower is offset to allow for ease in trimming. The variable speed hydrostatic transmission provides speeds up to 8.8 mph and allows for smooth operation when changing from forward to reverse. Operation is by means of a single foot control.

Features include front and rear tie downs, a transmission brake to secure the unit for safe transport and power steering for ease of operation and less operator fatigue.
