"I earn 78% more with a FINN HydroSeeder®"

Brian Kerber, The Lawn Firm, Excelsior, MN

"I bought my first hydromulching machine for price. But it's a toy compared to my new FINN HydroSeeder. I've easily doubled my production."

No other machine compares to a FINN HydroSeeder for high production and long trouble-free service life. You'll get faster loading, better coverage, longer spray distance, and more reliable performance. You can get a real HydroSeeder for as little as $149 a month. You'll soon know why the most successful contractors agree, "Nothing makes money like a FINN HydroSeeder." Call today.

Jet-Spray®
Pourable Fiber Mulch Flakes.

Jet-Spray delivers professional hydraulic mulch performance, and it’s convenient, too. Unlike other materials that need to be pulled apart first, Jet-Spray fiber mulch flakes easily pour into the tank and mix more quickly. This reduces loading time by up to 90%. The introduction of Poly-Fibres improves the performance of smaller Jet Agitated Hydroseeding Machines and increases the yield of each seeder load.

For detailed information, call 800-207-6457, fax 847-215-0577, or visit terra-mulch.com.
