It's such a bore
The Grundomat uses less air than other pneumatic piercing tools to provide a powerful, accurate bore. High air efficiency means smaller, more fuel-efficient air compressors can be used to power the tool. Also, its trenchless nature is less disruptive and costly than open-cut methods. Seventeen models, from 1.75 in. to 7 in. in diameter, are available for horizontal boring distances from 50 ft. to 150 ft. TTTechnologies.com or 630/851-8200
