Control your fungi problems

FROM TEE TO GREEN

Use Terraclor®

To Fight Cottony Blight, Grease Spot, Damping-Off

Terraclor soil fungicide is your best weapon against Pythium fungi—the cause of grease spot, damping-off and cottony blight in your turf.

With a case of Terraclor in your storage shed, you’re set to act fast at the first sign of these turf diseases. Terraclor goes to work quickly and provides effective control of the problems caused by both Pythium and Phytophthora. Repeating at 5 to 10-day intervals provides preventive control. Keep your best weapon against Pythium on hand. Keep your greens green, your golfers happy.

Use Terraclor®

To Control Brown Patch

Terraclor soil fungicide is the answer to Rhizoctonia control—the fungus that contributes to the formation of Brown Patch in Southern turf grasses.

Terraclor is easy to apply in liquid or dry granular form. Usually one application at the first sign of disease is all it takes.

Be sure you have Terraclor on hand. It’s good assurance for healthy fairways and greens.

Write for complete information.

Mr. D. H. Sparks, Agricultural Division Olin, P. O. Box 991, Little Rock, Arkansas 72203

Please send me more information on Terraclor/Terraclor for a healthy turf.

360 Degrees of Quality
Covering your entire irrigation needs.

Systems:
White Turf designs maximum performance irrigation systems featuring durability and low maintenance.

Installation:
Special techniques and equipment enable White Turf to install your system with a minimum of turf damage.

Distribution:
Efficient handling methods of quality equipment provides you with the best irrigation service available.

New Davis Fleetline® 10+2

A low-cost trencher with Davis quality that's easy to move on the job and that trenches by itself without manhandling!

The new Fleetline 10+2 is the first new design in a compact 2-wheel drive trencher in over a decade! It gives you superior quality that you've come to expect from Davis. Its 10 hp Kohler air-cooled engine is forward so its weight keeps the digging boom in the ground—even in tough digging! No manhandling. The four-speed transaxle delivers equal torque to both wheels for straight trenches, and lets you select just the right digging speed for the soil conditions. The rigid guide wheel gives you superior control, so once the course is set, the incomparable Fleetline 10+2 digs by itself—no jostling you around! Controls are grouped together at the rear so you needn't roam around the machine to take command. It digs from 4' wide, 36' deep to 8' wide, 24' deep at speeds up to 10 fpm. It's narrow enough to go through standard yard gates, so it's perfect for work in congested areas, low-cost house drops, and utility lines. Notice how easy it tracks in transport. That's because the differential axle lets you steer without unlocking a hub! So see your Davis trencher dealer or write Davis Manufacturing for a little relief on your small trenching jobs!

The Fleetline 10+2 slips through yard gates to work in congested areas.

Low profile lets you see the trench, boom and auger from the rear, where you have total command of the machine.
To find out how good our Gold Star Digger really is, cut a hole in this page.

A good place to start is right over there at the corner of this coupon. Because the sooner you do, and the sooner you send in the coupon, the sooner your local Servis dealer can set up a demonstration.

The Gold Star Post Hole Digger & Utility Crane is one of the most useful combinations you can have. It works fast. You can dig holes for fence posts, shrubs or trees, for example, with the standard 4’ x 9” auger. Or you can use our optional 6” or 12” diameter augers.

There are also optional extenders to make the augers either 8” or 14” longer. And the points and cutting blades are replaceable.

But even with all that, you still have a rugged 1,500-pound capacity utility crane and a complete 3-year warranty.

The Gold Star fits all Category I standard three-point hitch tractors, but there are also hitch pins so you can use it on a Category II tractor.

Now, dig in and start cutting. Fast.

IT'S A FACT...
OVER A MILLION EARTHWORMS CAN INHABIT AN ACRE OF SOIL... DARWIN ESTIMATED THAT IN ONE ACRE, UP TO 10 TONS OF SOIL PASSES THROUGH THE BODIES OF EARTHWORMS EACH YEAR.

TERRA TACK HELPS PREVENT EROSION WHEN USED AS AN OVERSPRAY BY HOLDING STRAW OR WHEAT IN PLACE.

TERRA TACK, IN A SLURRY OF SEED, FERTILIZER, AND FIBER, FORMS AN ADHESIVE TO HELP PREVENT EROSION.

TERRA TACK’S COST... AMAZINGLY LOW!

WEEDS TREES AND TURF
Lift trucks, backed by innovative engineering and quality control, assure you of extra years of satisfactory service performance. Both Forestry and General Service bodies are on regular production schedules. LR Series Models come in 40-, 42-, 45- and 50-feet. All booms are fully insulated and operated by a high pressure hydraulic system with controls mounted on the Pylon Mast and in the basket for maximum safety and efficiency. When you invest in one or a fleet of our aerial lift trucks, you are assured of good service from the aerial device and from the people who build it. ASPLUNDH CHIPPER CO., a division of Asplundh Tree Expert Co., 50 E. Hamilton St., Chalfont, Pa. 18914.

The famous Asplundh chipper is available with all our aerial device units if so desired. 12 inch or 16 inch models are in continuous production.
