# It's obvious... you can depend on a National

It's easy to check our best features. We don't cover 'em with a shiny shroud. **What you see is what you get...** a completely functional and easily maintainable machine built with a minimum number of components. National's 84-inch Triplex offers the same superb performance on hillsides or level ground. Three, power driven, free-floating reels follow ground contour and cut without skip or scalp. Reels adjust down to fixed bed bars providing for more rigid and longer lasting mowing units. Bed knives have turned up lips for extra wear... a feature we introduced as early as 1925. National's no-nonsense design makes normal service faster than any mower on today's market.

Check out the economies of National's ugly beauties. We've been adding nothing but quality since 1919... it's obvious!

## Model 84 Triplex

**Power  
Quint**

Deliberately designed to provide its own power source which allows unit to be pulled by almost any size tractor with or without PTO. Five, free-floating, powered reels cut an 11½ foot swath. Wings fold to 68".

## 68" Triplex

Low center of gravity and wide track provide great maneuverability. Mows a 68-inch swath at speeds up to 4 mph... that's half an acre in 15 minutes. Wings fold to 37½".

# THE PROTECTORS

**for thousands of growers,  
nurserymen and landscapers...**

**WILT-PRUF**, the proven anti-transpirant for over twenty-five years, keeps trees, shrubs, sod and indoor plants healthy. Protects against plant damage due to winter kill, transplant shock, wind burn, drought and air pollution. Concentrate is available in Pints, Quarts, Gallons, 5-Gallon, 30-Gallon and 55-Gallon sizes. Also available in 16 oz. Redi-Spray.

**SPRAY-STAY**, sticker-extender—the perfect marriage between your spray and ours! Sticks sprays to trees, plants, crops and turf protecting against costly run-off due to rain or irrigation; prolongs adhesion and effectiveness of fungicides, herbicides, insecticides and pesticides. Comes in Pint, Gallon and 5-Gallon containers.

**for thousands of consumers  
and indoor plant lovers...**

**WILT-PRUF I**, for Christmas trees, wreaths and greens, to retard needle drop and reduce fire hazard; keeps them fresh for the entire holiday season! WILT-PRUF I produces a thin, transparent film substantially reducing excessive evaporation when evergreens are brought indoors. Comes in 10 oz. Redi-Spray.

**WILT-PRUF II**, for indoor plant protection, helps plants from drying out and wilting. When sprayed on plant foliage, WILT-PRUF II provides a thin, transparent film which acts as a protective coating substantially reducing water loss during periods when excessive evaporation occurs. WILT-PRUF II helps the appearance of foliage by providing a slight gloss to the surface of leaves. (Avoid using on plants with hairy leaves such as African Violets). Comes in 10 oz. Redi-Spray.

Note: SPRAY-STAY and all WILT-PRUF products meet specifications of the Food and Drug Administration for use on edible crops; is 100% organic and bio-degradable; does not require registration with the EPA; is non-toxic to eyes and skin; and is not damaged by freezing.
