**ST. JUDE CHILDREN'S
RESEARCH HOSPITAL**

Put the **LAWN GENIE®**
pick-up mower to work...
and **3** wishes come true

NOW YOU CAN...

1. Mow and vacuum all in one pass.
2. Use all year: thatch, clean up, mow, sweep leaves, mulch.
3. Change from mowing to thatching blades in seconds—no tools needed.

LAWN GENIE®

THE PROFESSIONAL'S CHOICE

It's your turf. Keep it free of crabgrass, *Poa annua* and other annual grasses and weeds with America's leading preemergence herbicide for turf.

Dacthal

Dacthal is number one in its field. Not only because it is so effective, but because it controls more than 20 unwanted weeds and grasses. Applied properly, it lays down a barrier that stops early and late germinating annual weeds without affecting healthy, growing turf grasses. Tough weeds like crabgrass and Poa annua can't stand up to Dacthal.

The help you need for total turf care.

Dacamine® provides post-emergence control of over 70 broadleaf weeds, including dandelion, annual chickweed, knotweed and Canada thistle. It works right down to the roots so tough perennials don't return.

Daconate® is the post-emergence herbicide that knocks out nutsedge, chickweed, wood sorrel, sandbur and other grassy weeds. It's a ready-to-use liquid herbicide with a built-in surfactant for uniform wetting.

Daconil 2787® is the broad-spectrum fungicide that stops nine fungus diseases on greens and fairways. Use it from spring to fall to prevent dollar spot, leaf spot, red thread, stem rust of blue grass, large brown patch. It's effective even in hot weather. Provides effective disease control on a number of ornamentals.

Count on the big four from Diamond Shamrock to make your job easier.

Diamond Shamrock
The resourceful company.

Write 110 on reader service card
