Finally, An Aid For Teaching Turfgrass

Superintendents, Contractors, Lawn Care Managers, New, On-the-Job Reference. The Turf Managers' Handbook is a comprehensive, organized approach to turfgrass science and care. It has been designed and written by leading turf specialists from Purdue, Dr. William Daniel and Dr. Ray Freeborg, for on-the-job reference and as a text for students.

The book contains 150 illustrations and 96 color photographs. Data includes 240 tables and forms. Included are specifications for rootzones, employment, calculations for chemical applications, and extensive metric-imperial conversion. Business and technical aspects of turfgrass management are covered in this 424-page book.

Planning, purchasing, hiring, construction, and plant selection are put together for easy on-the-job reference. Markets covered include lawn care, sod production, golf course management, cemeteries, athletic fields, and low maintenance areas. If it concerns turf, it's in the Turf Managers' Handbook.

Ordering Information

Please send ______ copies of the hardback ($18.95* ea.)
_______ copies of the paperback ($14.95* ea.)

*Please add $2.50 per order, and if ordering multiple copies, also add 25¢ per additional copy for postage and handling costs.

A check or money order for ______ is enclosed.

I understand that delivery may take six to eight weeks. Quantity and bookstore rates available upon request.

Contact Cooperative Extension Service, Virginia Polytechnic Institute and State University, Blacksburg, VA 24061.

DO YOU WANT TO SELL MORE LIVING PLANTS?

Every alert businessman looks for ways to increase sales. You're no exception.

You may have sold everything you could get your hands on this year — but there are all sorts of pressures now (and more on the way) that may force people to think about reducing the dollars they spend on our living plants and related products and services.

All of us in the business of growing living plants and all of us in the business of selling them have to get together in a united effort to sell more with greater profitability.

All of us need the Nursery Marketing Council.

As wholesale growers or suppliers, we all must show a voluntary NMC contribution on our invoices amounting to ¼th of 1% of the gross sale. As retailers, we must pay that fractional voluntary assessment — then the growers or suppliers match the contribution and send the combined total to NMC.

Need more information? Write us or phone.

Compare the variety... on our side of the fence.

In the lawn irrigation market, when it's brass you want, we've got it. When it's plastic you need, you can count on us.

At Safe-T-Lawn, we've just developed a brand new series of quality irrigation products in both brass and plastic. You can choose from 16 different heads, from sprayers to rotors... one to fit any and every lawn irrigation need. And, we offer a line of valves and controllers wide enough to support an entire system. Now, that's variety.

Our coast-to-coast distributor network guarantees that you get what you want, when you want it. And each and every one of our irrigation products is backed by a warranty unmatched in the industry.

At Safe-T-Lawn, we're committed to maintaining our quality to meet your needs. On our side of the fence...we're on your side.

Professional Turf Products
CUSHMAN INTRODUCES TWO NEW REASONS WHY YOU CAN'T BEAT THE SYSTEM.

FLATBED BOX & SHORT BOX
The Flatbed Box and Short Box attachment haul and dump 1500 pounds of sand or soil, with optional live hydraulics.

GREENSAVER
The Greensaver aerator gives precise aeration over fine turf areas.

SPRAYER
The Sprayer attachment sprays chemicals through an optional 15' rear boom or optional handgun.

CUSHMAN
Introducing the redesigned Cushman Turf-Trucksters.™
Both sport a sleeker, more sensible body that gives you two headlights, comfortable seating for two, and "clustered" controls conveniently located at the driver's side.
The new Turf-Trucksters have also been treated to such improvements as an optional "live" hydraulics package that speeds up work and prolongs clutch life, and a separate PTO system that has been simplified to reduce wear.
But there's a lot of the old Turf-Trucksters in these vehicles, too. You'll find the same air-cooled 18 hp OMC engine, auxiliary transmission and heavy-duty differential that hundreds of turf pros have come to depend on over the years. Plus, standard features like a 1500 lb. payload, and engine/ground speed governor for precise spreading or spraying.
What really sets the Turf-Trucksters apart though, is the variety of interchangeable Cushman attachments that go on in a snap with the unique pin-disconnect system.
So, you can start with just one Turf-Truckster and build a complete fleet of hard-working machines—that's economy. Plus, if you already own Turf-Truckster attachments, they'll work perfectly with these new models, too.
Fill out and return this coupon today. What you'll get back is a new, full-line catalog of the time-saving, money-saving Cushman system. And a new way of looking at total turf care.

Mail to: 8024 CUSHMAN, P.O. Box 82409
Lincoln, NE 68501 For the location of your nearest dealer, call 402-435-7208
Please send me the 1982 catalog of the Cushman turf-care system.
Please ask my local Cushman Dealer to contact me for a free demonstration of the Working System.

CUSHMAN.
THE WORKING SYSTEM.

QUICK AERATOR
The Quick Aerator's 46" swath covers wide expanses of turf quickly. Choice of 2 tine styles: coring, slicing, open spout.

TOP DRESSER
The Top Dresser holds about 1000 pounds of material and spreads a 31ft* swath precisely and evenly.

SPREADER/SEEDER
The Spreader/Seeder provides uniform spreading across a wide 40' swath.

The Professional’s Choice

Mow smoothly and pick up clip-pings in one pass! The rugged, versatile Lawn Genie thatches lawns, verti-cuts greens, tees and fairways, sweeps leaves and mows through tall weeds. Hopper empties easily from tractor seat. Change to thatching knives or replace blades in seconds with M-C’s patented spring-loaded hangers! There is a tough Lawn Genie model sized for any job in your choice of engine-driven or PTO, lift-type or pull-type and cutting widths of 36”, 48”, 60” and 72”. It’s the three season pick-up mower that thatches, mows and sweeps.
