

To apply granular XL is to excel in your preemergence weed control.

With just one application, you can keep your ornamental and landscaped areas free from many grass and broad-leaf weeds, for six to eight months.

And because XL contains Surflan®, your control's also stronger than Ronstar® against crabgrass. And just as strong or stronger against many other weeds. At less cost, too.

Not only that, XL stays put. And once activated, it forms a barrier to prevent weed breakthroughs better

and longer than anything else. Most importantly, XL is gentle on a broad range of ornamental species. Even when it's applied to wet foliage.

So excel with XL. See your Elanco distributor. Or call toll-free: **1-800-352-6776.**

XL™ excels.

**For longer-lasting, broad-spectrum
weed control, excel with granular XL.**

Kohler engines—the 716 by a 16 hp and the 720 by a 20 hp.

Three-eighths-inch thick steel impellers make leaf clean-up easy and efficient. Both are constructed of heavy gauge steel with a black enamel finish.

Two options make the 716 and

720 independent trailer units: the Loadervac Trailer 750 and the Wheel Kit 751, which converts ei-

ther loader to a trailer unit.

Perennial ryegrass resists diseases

Northrup King has released Caddie fine-textured perennial ryegrass, a fine-bladed, medium/dark green variety with excellent seedling vigor, superior tillering capability and uniform density.

Caddie also has demonstrated excellent resistance to many common turfgrass diseases such as crown rust, leaf spot and dollar spot. Caddie's extremely rapid germination and establishment and aggressive tillering make it an excellent choice for winter overseeding of golf course putting greens, tees and fairways. Its extraordinary ability to recover quickly from cleat marks and divots is attributed to its subset crown located below the soil surface.

Caddie is a major component in the company's Medalist brand overseeding formulas this year. It will also be a component in several of the company's northern and western turfgrass mixtures and blends.

Mid-size mower makes an excellent companion

Exmark's 36-inch commercial power mower has the power to handle tough mowing jobs on its own and is an excellent companion to larger mowers. This mower's compact design and angled-corner deck provide excellent handling, balance and stability on slopes, Exmark says.

Single-adjust caster pins allow quick adjustments in mowing heights from 1½ to 5 inches in ½-inch incre-

ments. The unique, hinged grass-discharge chute flips up for quick and easy catcher attachment and access into tight spaces.

This Exmark is available with 8 or 12 hp Briggs & Stratton I/C engines. It also has two transmission options, variable speed or five-speed Peerless. **Circle No. 204 on Reader Inquiry Card**

Aerator is ideal for athletic fields and school grounds

The newest model in the Rayn line of professional turf aerators is the 48-inch 3-point hitch Lawnaire aerator.

Designed for use with small utility tractors equipped with Category 1 3-point hitch, the aerator is ideally suited for aerating medium-sized areas like athletic fields and school grounds, industrial and commercial building complexes and multiple housing complexes.

The unit can be operated up to 10 mph, penetrating up to four inches deep for effective aeration and loosening compacted turf. For varying soil conditions, tine choices include coring, slicing or open-spoon type. The eight cast-iron aerating wheels are equipped with eight tines each, and

have grooves for mounting double-tine sets if desired.

Increased economy from sprinkler head

Increased economy is added to Toro's line of best-selling sprinklers, with the introduction of its new Super 604 Full Circle Sprinkler for medium resi-

dential and commercial turf areas. This new product has a lower precipitation rate to reduce runoff and waste.

The Super 604 features a dual-nozzle with pop-up to a nozzle height of 3 1/2 inches for use with tall grasses. In addition, the Super 604 has an adjustable water radius feature offering up to 25 percent reduction in radius to prevent overspray.

FOR DAY IN DAY OUT DEPENDABILITY.

For over 35 years Snapper has been building the highest quality outdoor power equipment money can buy. Lawn care professionals know that such quality means lasting dependability and steady profits. And now Snapper makes this quality available in a wider selection of commercial products for your business.

All heavy-duty walk mowers come with the power and options to make big jobs a snap. Pick from 32," 36," or 48" models. A 60" model will be available soon. Our mid-duty walk mowers come with 30" or 41" decks featuring pivoting front ends to reduce scalping. 21" Hi-Vac® walks feature 3 bushel grass catchers,

and have 5 hp engines with heavy-duty parts for longer life.

Snapper is America's number one choice in rear engine riders. Our Extra Tough models feature 12 hp engines and 5 forward speeds with on-the-go shifting. Our lawn tractors give you a choice of 33," 41" and 48" mowing decks.

There's more to this business than mowing and Snapper has you covered with power pluggers, power rakes, trimmers, edgers and even a 2-stage commercial snowthrower.

So, for day in day out profitability, invest in Snapper quality. Write Snapper Power Equipment, Dept. 000000, McDonough, GA 30253.
