"I was hesitant to try it at first. I thought, surely, there would be some injury to my flowers. But Surflan convinced me otherwise. It didn't harm them at all when we sprayed directly over the top.

"Surflan wasn't so gentle to the weeds. We used to have a real problem with crabgrass. We'd have to go in and pull them all by hand. It was so time-consuming. I figured I was paying close to \$50 for each thousand square feet just for labor.

"But with Surflan, the job took only

minutes. And cost me less than \$3.00 for what used to cost me almost \$50.

"Surflan also took care of our oxalis and chickweed. And many other problem weeds, too. For almost eight months."

Prove Surflan for yourself. See your Elanco distributor and ask for a free Surflan brochure. Or call toll-free: **1-800-352-6776.**
