

BETASAN IS NO ROOKIE

From the front nine to the back, when it comes to preemergent weed control, BETASAN® herbicide is no rookie.

Crabgrass and other weeds are never a handicap with BETASAN. And it controls in just one application, from tee to green. All turf grasses, even sensitive species like fescues and bentgrass, are safe with BETASAN.

And BETASAN offers you two formulations – granular and liquid. Plus both mix easily with liquid fertilizers.

So, when it comes to weed control, don't play around with other, less-seasoned preemergent herbicides. BETASAN is no rookie.

Betasan
Selective Herbicide

For a free ICI visor and more information on BETASAN, write on your letterhead to Chuck Stainback at the address below.

Your Source for the Turfgrasses of the 1990's!

BONANZA
TALL FESCUE TURF TYPE

Still the Tall Fescue of Choice Among Discriminating Turfgrass Users!

A proven performer on home lawns, sod farms, athletic fields or wherever attractive, tough, reduced maintenance turf is required. With its exceptional dark green color, heat and drought tolerance and disease resistance, BONANZA is a year in, year out performer. BONANZA sets a standard by which others are compared.

Vantage
PERENNIAL RYEGRASS

Beauty and Durability for a Superior View!

All the outstanding qualities you expect from a premium perennial ryegrass plus unexcelled resistance to stem rust. Used alone or in combination with other ryegrasses, bluegrasses or fine fescues, VANTAGE is a solid performer with a wide range of uses and areas of adaptation.

CREW-CUT

Tall Fescue "Dwarf Type"

The Reduced Maintenance Approach to a Well-Groomed Lawn

When you want all the advantages of a tall fescue but want improved aesthetic qualities, CREW-CUT tall fescue "dwarf type" is the answer. The deep green color and high leaf density of CREW-CUT combine for a thick, luxurious turf with all the hardy characteristics that have made turf-type tall fescues the fastest growing segment of the turfgrass market.

magnum
BRAND

Perennial Ryegrass Mixture

MAGNUM BRAND is a blend of elite perennial ryegrasses, including VANTAGE, which offer the genetic diversity only available in a blend. Ideal for winter overseeding in warm climates, or permanent lawns in more temperate regions, MAGNUM BRAND offers tremendous diversity and performance.

Our commitment to research and production are your assurance that Proprietary Seeds' turfgrass varieties will be among the industry leaders. Call 1-800-228-4119 for our distributor nearest you.

NO MATTER WHO WINS OR LOSES AT SOLDIER FIELD, WE GET TRAMPLED.

You've got to be tough to win at Soldier Field.

A classic battle was fought over this turf. When the dust settled, Chicago picked Medalist.

The lakefront home of Chicago's rugged Bears is now covered with a dense, beautiful premium blend of Trenton, Rugby, Glade and Aspen Kentucky Bluegrasses. All top-quality turf-grasses from Northrup King.

It's a proven performer that stands up to the relentless pounding. Bounces back strong week after week. And resists the attacks that can end the season for less hearty performers.

Just being pretty doesn't cut it in Chicago. So tune in. You can now watch the Bears stomp on one of the nation's best.

TURF • TYPE
OREGON TALL FESCUE
SEED FROM OREGON

Beautiful or Functional

Have them both! Rich, green Turf Type Tall Fescue gives you the beauty you want with a minimum of care.

Excellent for lawns, play areas, parks, airfields, roadways, golf courses and industrial sites.

Proven disease resistant, Oregon Grown Tall Fescue seed produces an adaptable, weed free turf that not only persists through summers and winters, but maintains its beauty.

Insist on Turf Type Tall Fescue seed grown in Oregon.
