

# VERBODEN

## You'll Never See What Makes Stihl Trimmers More Reliable.

People are surprised that we don't allow visitors at the Stihl trimmer testing lab in Germany. Sorry, but that isn't likely to change.

Because we put trimmers like the FS74 and FS76 through tests so secret that we don't even allow most Stihl employees in the building. Then, when they've passed muster in the lab, we send them to

professional landscapers in the roughest parts of the world for more abuse. Then back to the lab to see what else we can improve.

So we don't offer tours. Because our trimmer testing lab is more than just a secret facility. It's the secret to our success.

# **STIHL**®

*For the part of you that promised you'd never compromise.*

For more information on Stihl trimmers, call 1-800-43-STIHL.

# "Any Rancher Who Whines About Stringing Fence Ought To Try A Few Miles Of 115 Kv Powerline."

© 1992 Polaris Industries, L.P.

The job called for heavy work at elevations that could bust your lungs, over terrain that could break a truck's back. Then going in again to erase any sign you'd been there. No sweat.

**"TRUCKS CAN'T  
MAKE IT, OR  
AREN'T ALLOWED."**

"We went up on Polaris machines and opened a path for the power company," says Larry Johnson of Triple-L construction. "They hand-dug holes, placed poles by helicopter, strung powerline as thick as your wrist and pulled out. Rough work."

Even so, the work was far from over.

"We went back up and pulled the deadwood, replanted, and erased the trail. If you see those poles at all, you'll think they grew there."

on horseback or on foot," foreman Mike Williams says. "A Polaris gets you in, hauls your gear, does the job, gets you out. Good machines."

Like every Polaris, Mike's machines have automatic transmission, full floorboards and one-hand braking. Now he's looking into a new Polaris Big Boss: all-terrain vehicles with 850-pound tiltbed, load rack and tow hitch, six-wheel stability, and four-wheel or six-wheel drive. Handy features whether you're clearing brush at 12,000 feet or hauling equipment around a jobsite.

So what advice would Triple-L Construction offer other companies in need of strong, dependable help?

"Get Polaris. Period. Once you've got one, you won't do without it."

**RIDE THEM  
AS CAREFULLY AS  
WE MAKE THEM.**

*Warning: ATVs can be hazardous to operate. Never carry passengers. Be especially careful on difficult terrain. Never ride on paved or public roads. Always wear a*

To a company born and bred in Colorado high country, that part of the job is all-important. And without a Polaris handy, all but impossible. "Before, you couldn't get up there but

helmet and protective clothing. Polaris ATVs may not be ridden by anyone under 18. We recommend all riders take a training course. For information, see your dealer or call Polaris at 1-800-342-3764.

**POLARIS**  
Believe It.

1225 Hwy 169 North, Minneapolis, MN 55441 (612) 542-0500.

Hi-Lift BAC-VAC hydraulically raises 54" to empty into pickup or trailer

Rugged welded steel frame construction

Several seat options let you choose your comfort level

Safety stop locks hopper in raised position for service

Compact hopper design does not limit visibility or maneuverability

Easy access battery compartment

Hopper design directs exhaust dust out the back, away from the operator

High flotation tires – your choice of turf or bar tread – minimizes compaction

Quickly change cutting height – no tools required!

Dual Path hydrostatic drive

Pop up indicator signals full hopper

Convert to a high-capacity blower with a single lever

Premium tire sealant in all tires – prevents flats from punctures

Counter-rotating high-lift blades give you extra vacuuming power

Air Flow™ deck draws leaves and debris underneath for a clean finish

Solid steel reinforced edges for impact resistance

Circle No. 107 on Reader Inquiry Card

# Clean cut

The proficient Hustler Hi-Lift BAC-VAC™

Vacuum clippings and debris quickly and efficiently with no loss of maneuverability. You get a high quality, professional finish every time!

**Trim Steer™ control gives you total command of speed, forward and reverse, and braking all in a single T-bar handle**

BAC-VAC hopper holds 15 bushels of grass and leaves

Four engine options from 21.5 to 54 horsepower in diesel or gas models

Large capacity 11 gallon fuel tank

True zero radius turning is still possible even with Hi-Lift BAC-VAC

Ground speeds to 10 mph – get the done job fast

PTO driven 60" or 72" heavy duty deck
