New rider is powerful, stable

The Toro Company's Groundsmaster 3000 riding mower combines a 33-horsepower gas or diesel engine, designed to run noticeably quieter than previous engines, with greater hillside stability and easily-connected attachments.

The rotary mower is economical, stable and durable enough to handle numerous mowing needs, according to Toro. It features a larger wheelbase, lower center of gravity and larger tires.

The Guardian 84-inch Recycler mulching deck, also from Toro, is now available for the Groundsmaster 3000. It comes with an hydraulic counterbalance, soft-ride castor wheels and a deck design adjustable to extreme turf contours.

Three versions of the mower will be offered by spring of 1996.

Rain gauge combines accuracy and simplicity

A compact electric rain gauge from Innoquest provides accurate indoor readings to 0.01-inch resolution.

The easy-to-install gauge records each rainfall as well as a cumulative total on a battery-operated display. Memory can be reset with the touch of a button, without having to empty the unit. The collector was designed to be rugged enough to withstand the elements all year round.

Model DRG-6VB comes complete with mounting hardware and 40 feet of connecting wire.

Coaching Great Mike Ditka says, "Easy Marker is the perfect tool for your temporary marking needs!"

easy marker®

"Meets temporary marking needs for special events, construction and utility projects, golf course and landscape work. Saves money by clearly marking work sites with instructions to avoid costly mistakes."

Some uses...

- Construction

- Utility Companies

- Landscaping

- Golf Courses

your good judgment
Will tell you to select

turf type
Tall Fescue seed from Oregon

the beauty
of the blades

the strength
and durability

the tolerance
to drought & disease

the quality!

Look for the grown in Oregon label. It puts all others in a lower class. A lush, healthy, deep green turf is your reward for selecting superior seed. The world’s leading turf grass breeders have been perfecting it for more than 20 years. The tough, vibrant turf will not only tolerate drought, but survive cold winters.

When you select Turf Type Tall Fescue seed from Oregon you can be sure you will enjoy your “good judgment” decision year after year.
