**PREVENT
GRUBS.
STOP THEM IN
THEIR TRACKS.
OR MAKE SURE
IT'S NOT EVEN
AN ISSUE.**

Now you can control grubs preventatively or curatively. With a single application. Only with new MACH 2™ Turf Insecticide.

MACH 2 is a powerful killer with a new chemistry that accelerates the molting process of target insects.

Just hours after ingesting MACH 2, the insect stops feeding. Then it dies beneath the surface in 2 to 3 weeks. It's that simple.

With MACH 2™ Turf Insecticide, you'll kill target enemy insects all season long. Grubs. Cutworms. Armyworms. Sod webworms. Plus, odorless MACH 2™ is easy to apply.

You don't even have to water it in immediately.

So don't let grubs control your grounds, or your schedule. Depend on MACH 2™ Turf Insecticide.

It's all you need to prevent or cure.

THE ONE, THE ONLY, THE ORIGINAL.

IN 1972, BUNTON WAS THE FIRST COMPANY TO EVER BENEFIT FROM DALTON GEAR'S ORIGINAL VARIABLE SPEED GEARBOX!

Now, over 25 years later, Dalton Gear produces "each-and-every" gearbox with the same quality as those first OEM'S in 1972! Our client list has grown to include RANSOMES/BOBCAT, KEES, EXMARK and SNAPPER. There have been a few imitators, but none have ever even come close to Dalton's quality. We know *Commercial Landscaping, Parks & Recreation, Cemeteries, and Golf & Country Clubs* need service on their machines, no matter what make or model, and, "**they-need-it-now!**" Also, they need long lasting, quality, top-of-the-line replacement parts, constructed of the finest metals and special alloys. An "open-space" on the gearbox shelf *doesn't* get the job done. **ORDER TODAY** and rely on Dalton Gear. As an added bonus, we are throwing in factory recommended gearbox lube, **FREE** with each unit!

Use only... **THE ONE. THE ONLY. THE ORIGINAL.**
