PREVENT GRUBS. STOP THEM IN THEIR TRACKS. OR MAKE SURE IT'S NOT EVEN AN ISSUE.
Now you can control grubs preventatively or curatively. With a single application. Only with new MACH 2™ Turf Insecticide.

MACH 2 is a powerful killer with a new chemistry that accelerates the molting process of target insects.

Just hours after ingesting MACH 2, the insect stops feeding. Then it dies beneath the surface in 2 to 3 weeks. It's that simple.

With MACH 2™ Turf Insecticide, you'll kill target enemy insects all season long. Grubs. Cutworms. Armyworms. Sod webworms. Plus, odorless MACH 2™ is easy to apply.

You don't even have to water it in immediately.

So don't let grubs control your grounds, or your schedule. Depend on MACH 2™ Turf Insecticide. It's all you need to prevent or cure.

For more information or for the distributor nearest you, call 1-888-764-6432 and visit our website at www.mach-2.com.
How hot were the new products at EXPO '99? Sizzlin!

Motivate moss to grow; no, that isn't apple scab

Production is up, supplies are strong, prices are stable — it's a great time to be a buyer.

PGMS' winner for industrial and office parks shows how to handle large properties of nearly 500 acres.

Bamboo is a more versatile than you think, even in your climate.

Develop a partnership with your banker and you'll have the leverage you need to grow.

Have you checked out these green industry sites yet? You should — they offer a lot.

The secret to easy installation is using the right horsepower.

Cut your time and hassles with these accessories.

CUSTOM REPRINTS

Reprints of Landscape Management articles, advertisements, news items or special announcements are available through Advanstar Marketing Services. Customized to meet your specific needs, reprints are highly effective when you use them to:
• Develop direct-mail campaigns
• Provide product/service literature
• Create trade show distribution materials
• Present information at conferences and seminars
• Train and educate key personnel, new hires
• Enhance press kits
• Compile reference materials
• Track trends and emerging technologies

**The Landscape Management Handbook**

The best single-source reference containing the most current and comprehensive information on the basics of turfgrass and landscape management available today!

Edited by
William E. Knoop

125 pages, softcover
Item #LSMB830

$24.95

Provides an overall understanding of turf and landscape care and management and covers all the basics of the green industry

Covers all the topics golf course superintendents and students of turfgrass and landscape management need to know

Combines practical information with the tried and true basics of management to provide a single, practical, affordable and up-to-date text

Features detailed information, charts, diagrams, figures and tables to illustrate key information points

The Landscape Management Handbook provides a unique, single-source reference of comprehensive information on a variety of turf and landscape topics. It's an ideal handbook for golf course and lawn care superintendents and crew members, and is also appropriate for schools that teach basic turf and landscape management.

The Chevy® C3500 HD Chassis Cab isn’t for backyard flower gardens. But it is for guys with big projects.
WE DON'T BUILD THEM TO HAUL PETUNIAS.

appreciate 900 bucks. Because it comes with up to a "900 cash allowance" on upfits. Combine its dump body with its 15,000-lb. GVWR and you've got the power to change the face of the earth. That's what you'd expect from a dependable, long-lasting Chevy Truck. 1-800-950-2438 or visit www.chevrolet.com.
We were cookin’ at Expo 99

Ron Hall
Managing Editor

Hot. Hot. Hot. How hot was it in Louisville for the Outdoor Power Equipment Expo 99?

Let me tell you.

It was so hot that the Kohler Engine folks had to grill those delicious Wisconsin brats a little longer than usual just to get them up to temperature on the top of our heads. (Free food! And lots of us enjoyed the shade of the Kohler tent.)

It was so hot that those insane checkered pants that Dane Scag wore to his company’s Friday night reception seemed... well, almost “cool” by comparison.

It was so hot that we saw some of the young maintenance guys trying out new mowers and driving them slowly.

Making waves

OK, so I’m no Carson, and enough about the heat. Here are some of what we saw at Expo 99, starting with Dane.

Opinionated. Feisty. Perceptive. At 80-plus years old, Dane makes as many waves in the mowing industry as ever, building his 2½-year-old company. (How many times has he done this before?) While some manufacturers are building mowers with ever-bigger decks powered by ever-bigger engines, he announced that his company is focusing on machines that are simple, affordable and efficient. His reasoning—there’s a lot bigger market out there for mowers that cost $3,000 than for machines selling for $25,000.

While price is always a consideration with mowers and other landscape equipment, so is the work they let you and your crews do each day.

This was the number-one message of several manufacturers at Expo 99. We saw lots of productive new ideas like:

- Even more compact construction equipment, purple and teal mini-excavators and motorized installation gadgets to make work easier and more productive. Everybody’s searching for equipment that can reduce their dependence on labor which, as we all know, has been pretty darn scary.

  - Riding mowers with a radical new independent suspension; others with larger, more comfortable seats; several convenient tow-behind cutter attachments; and of course, plenty of cup holders for those riders.

  - “Designer” looks sporting sleek, rounded, plastic components; high-end operating indicators; even more sound and vibration deadening.

  - Great new specialty products like mowers for everything from steep hills to dams, inventive new hydroseeders, plenty of built-like-a-tank walk-behind mid-mount mowers, quick-as-a-wink topdressers, double leaf collector bins that ride on mowers, even extendible hand-held trimmers that articulate in several directions.

  - And, talking about mowers, we saw a new generation of automated robot mowers, units powered by both battery and the sun. These little mowers looked like something from the Jetsons. The battery-powered mower that we saw demonstrated cut a small patch of grass (almost without a sound), then returned by itself to the recharging station when it started running low on power. Commercial applications? Certainly, but they’ll be specialized.

Look for the new stuff

Not everything at the Expo was steel and iron. There were plenty of great ideas too, like the rollout of a nighttime landscape franchise, as well as some interesting fertilizing, marketing and equipment transporting ideas.

Look for upcoming issues of LM—and particularly our New Products section—for more great ideas from Expo 99. LM
For the third consecutive year, *Landscape Management* has been recognized as the editorial spearhead of America’s lawn care industry.

Two national professional journalism societies recently recognized that publication’s editorial and design superiority with 12 new writing and design awards, including four First Place or Gold Awards, two Silver Awards, and five Merit Awards. In separate ceremonies, TOCA (Turf and Ornamental Communicators Assn.) made eight of the awards, while the ASBPE (American Society of Business Press Editors, Central Region), represented another three. Susan Gibson, executive editor, Ron Hall, managing editor, and Lisa Bodnar, senior graphic designer are the individual award winners.

_Landscape Management_ is now celebrating 37 years of editorial leadership in America’s multibillion dollar landscape and lawn care industry. So its award-winning editorial and design performances, while most welcome, come as no surprise. They underscore our commitment to providing high-quality coverage of your industry and your businesses. Your successes and challenges.

It is our mission to provide the most informative, useful and easy-to-read magazine in the industry. It shows year after year because, as the industry judges keep changing, they continue to recognize the excellence of _Landscape Management_. From excellent writing and design to articles that cut right to the meat of the topic, _Landscape Management_ is a fun and interesting read.

Year in and year out, our commitment is to be the best green industry publication available to you, the landscape professional. That’s the prize _Landscape Management_ wants to win every year.

To start a subscription today, call Customer Service toll-free at: 1-800-346-0085, Ext. 477

- Feature Article Writing, “Disney’s Grand Green Experiment”, Ron Hall
- Opening Editorial Page or Spread Design, “Disney’s Grand Green Experiment”, Lisa Bodnar
HOT TOPICS

PLCAA’s Arlington project held special meaning for working LCOs

WASHINGTON D.C.—Public service. That’s what about 70 landscape and lawn care professionals did here on the Monday morning of July 20. The lawn pros will remember this particular Renewal & Remembrance project—PLCAA’s third—at Arlington National Cemetery for some time.

On the sultry morning that the landscape pros applied lime and fertilizer, felled a big tree and laid sod at Arlington, a Navy honor guard solemnly escorted the horse-drawn wagon that transported the flag-covered casket of former astronaut Pete Conrad to its final resting place. The cemetery fell silent and LCOs looked skyward as Navy pilots streaked low over Arlington, one peeling his aircraft away from the formation to signify the loss of a fallen comrade.

Elsewhere in Arlington, hundreds—and then thousands—of tourists passed by the laboring LCOs with both curious looks and smiles. Many of these visitors made their way up the winding shaded roads toward the grave site of former president John F. Kennedy. They were making the trek because of JFK Jr.’s tragic disappearance off Martha’s Vineyard just three days previously.

These events gave a special poignancy to a morning that, in many respects, showed the green industry in its finest colors.

Just after 9 a.m., before the day’s heat sapped workers’ energy, the landscape pros rededicated a garden site in the cemetery with comments by both the Honorable Togo D. West, Jr., Secretary of Veterans Affairs, and a short but moving address by 16-year-old Jackie Hague, the daughter of Douglas and Pam Hague, Lawn Classics Inc., Findlay, OH.

The garden area, ablaze with bright red “Veterans Honor Roses” from Jackson & Perkins, was designed and landscaped by Environmental Care Inc. and U.S. Lawns, Calabasas, CA. Donations of products and services were made by: Village Turf Inc., Mount Vernon, VA; Chantilly Turf Farms Inc., Chantilly, VA; Shemin Nurseries, Burtonsville, MD; Pine Hall Brick Co. Inc., Winston-Salem, NC; and Georgia Marble Co., Kennesaw, GA.

The only hitch of the morning—a well-deserved but very late-arriving lunch.

Ron Hall

Co-sponsors for this project included: FMC, Novartis, American Cyanamid, Bayer Corp., Dow AgroSciences and AgrEvo. Contributors: Lesco, The Andersons, Jacklin Seed, Riverdale Chemical and Zeneca.

The only hitch of the morning—a well-deserved but very late-arriving lunch.

—Ron Hall
