PREVENT GRUBS. STOP THEM IN THEIR TRACKS. OR MAKE SURE IT'S NOT EVEN AN ISSUE.
Now you can control grubs preventatively or curatively. With a single application. Only with new MACH 2™ Turf Insecticide.

MACH 2 is a powerful killer with a new chemistry that accelerates the molting process of target insects.

Just hours after ingesting MACH 2, the insect stops feeding. Then it dies beneath the surface in 2 to 3 weeks. It's that simple.

With MACH 2™ Turf Insecticide, you'll kill target enemy insects all season long. Grubs. Cutworms. Armyworms. Sod webworms. Plus, odorless MACH 2™ is easy to apply.

You don't even have to water it in immediately. So don't let grubs control your grounds, or your schedule. Depend on MACH 2™ Turf Insecticide. It's all you need to prevent or cure.

For more information or for the distributor nearest you, call 1-888-764-6432 and visit our website at www.mach-2.com.

"signature" hole on a golf course, because of its beauty, difficulty or uniqueness, distinguishes that course from all others. Who's your signature client? Who's that customer who's been with you from the beginning? That client who defines what you can do?

Let me tell you about Brookwood Landscape and its signature client, the Fashion Valley Mall, an upscale, airy shopping mall near San Diego.

A couple of months ago I sat at a small round white table at an outdoor cafe there with Mark Wilhite, one of the operators of Brookwood Landscape. On the surface, catching a bite to eat at a shopping mall, any mall, is no big deal. But, sipping an ice tea in a Southern California mall while contemplating the breezy fronds of Mexican fan palms and the smartly dressed, sun-tanned, female shoppers criss-crossing beneath them in the mall's courtyard made for one enjoyable afternoon.

. . . the palms? Oh yes, back to the palms.

Wilhite was explaining to me how his family-owned company had had to lay the 30- to 40-ft. palms on their sides and dolly them into the mall's courtyard. Couldn't crane them in. Had to install them at night too, using block-and-tackle, forklifts and steady hands.

Actually, getting those willowy palms upright, straight and secure was just a small part of the landscape job that Brookwood did at the mall, maybe the third makeover the Wilhites have done there since Fashion Valley opened almost 30 years ago.

That's right, Brookwood — operated by Mark, his brother Glenn and their father, Keith, company president — constructed and has periodically updated and continuously maintained this particular property for almost 30 years.

"We don't like to lose a job. We're really serious about this," says Mark in something of an understatement.

Brookwood, in fact, maintains the landscapes at just about every regional shopping center in and around San Diego, not to mention dozens of smaller shopping centers. But Fashion Valley Mall is the one that means the most to the Wilhites,

partly because the Wilhites ran Brookwood Landscape from offices beside the mall for almost 20 years before they outgrew the location.

"We never want to lose Fashion Valley," says Mark. "We've spent a lot of years making the people here happy, one step at a time." LM

It works over time.

Dodge Rams are the longest-lasting full-size pickups on the road.* And over time, they’re capable of a tremendous amount of work. Options like a fold-down business console with room for a laptop computer and cell phone make Ram efficient. And the capability of its Magnum® engine lineup is downright legendary. Our On The Job program is another strong work benefit. With it, qualified commercial customers can get special APR reductions when financing through Chrysler Financial. We also offer TRAC, Capital, and Municipal Lease options that allow customers to tailor-make a deal based on individual needs. Plus, depending on the model, you can choose from a $300 cash allowance, a 100,000-mile/5-year Powertrain Care Plus™ service contract with Road Hazard Tire Coverage, or select upfit package allowances.** If you work with Ram, we’ll work with you.

*Based on percentage of 7/88-7/97 new pickup registrations still registered on 7/1/97. Data source: The Polk Company. **Service contract option not available in AL, FL, MS, OK, or UT. No refund if canceled. Some vehicles ineligible. There is a $90 deductible for each covered repair visit. Tire coverage covers only complete or pro-rated replacement for original four tires, excluding spare. See plan copy and full details at dealer. Upfitters are solely responsible for after-market modifications and equipment. Properly secure all cargo.

Make plans for Expo 99

LOUISVILLE, KY — Expo 99 is just around the corner. It’s an excellent opportunity for you to kick some tires, make some contacts and keep up with what’s new.

As always, there are new additions and events to take advantage of:

► NAEDA’s Tech Center — will give dealers an overview of the high-tech product lines on display throughout the show, including software, bar-code scanning, web development companies and more.

► Tree Care and Irrigation Pavilions — will bring products together in special areas for ease of access and comparison.

► A new series of hands-on dealer workshops and new seminars for landscape and lawn care professionals are planned. Sessions will be shorter and will be held on the weekend.

► OPEI’s new “blue dot program” will highlight low-emission products with large blue-dot hang tags. More than 30 Blue Dot exhibitors will also be listed in the EXPO 99 Show Guide.

► Three new pick-up trucks to be given away: Isuzu, Nissan and GM.

**Wear good walking shoes**

In 1998, 600 manufacturers covered 240,000 net sq.ft. indoors and 642,000 net sq.ft. outdoors. The outdoor demo area is expected to be maxed out this year, with more companies and more equipment. But, if you need a rest, you can sit down for the seminars or technician certification, take a ride on demo equipment or kick back at the big concert on Saturday night (Crystal Gayle, Lee Ann Womack and Andy Childs).
