GET SAFE, EFFECTIVE GOOSE CONTROL.

FlightControl® is the only product that effectively protects turf areas seven days a week, 24 hours a day. It works in two ways, first by sending a visual warning (geese see it, but humans don’t), then by delivering a harmless, but effective gut reaction if they feed. FlightControl is odorless, weather-proof, and does the job without harming humans, vegetation or wildlife.

HOW TO USE THIS DIRECTORY

- Suppliers Listings (see page 66)
  Turn to this section for an alphabetical list of suppliers. Each listing includes the company’s name, address, telephone and fax numbers.
  In addition, Buyers’ Guide advertisers are highlighted in black; use the ad locator cross reference at the bottom of the listing to locate their ad.

- Distributor Listings (see page 96)
  Turn to this section for an alphabetical listing of distributors by state. Each listing includes the company’s name, address, telephone and fax numbers.

- Product Index (see page 112)
  This extensive, alphabetical product listing includes reference to the Yellow Pages headings in the Buyers’ Guide. For example, look under “C” in the product index for chemicals-protection and nutrition— then turn to the page number indicated to find the complete listing of fertilizer suppliers in the Yellow Pages section.

- Yellow Pages Buying Directory (see page 117)
  This section provides specific listings by product headings and includes the name and telephone numbers of all companies offering these products. Refer back to the Suppliers Listings for company addresses and fax numbers.
