SUPERINTENDENT of PARK MAINTENANCE

City of Long Beach, California
Department of Parks, Recreation and Marine

Salary Range: \$53,318 - \$82,976, Depending on Qualifications

Description: Under direction, this position is responsible for one or more of the following: structural maintenance (repairs, improvements, and crafts), custodial maintenance, and preventive maintenance of the City's marinas, freestanding restrooms, pools and park amenities; grounds and landscape maintenance; and special projects. The position supervises up to four supervisors and approximately 50 full-time and part-time employees. The position is responsible for administering an annual operating budget of approximately \$3 million. The position requires four (4) years of progressively responsible experience in administration and supervision; working knowledge of contract management, facility maintenance management, marine maintenance, grounds/landscape management, and capital improvement project development; strong oral and written communications skills; strong interpersonal skills; and the ability to deal effectively with the public. A bachelor's degree is required; however, relevant experience may be substituted for education on a year-to-year basis.

To Apply: Send resume, letter of interest, and three work-related references by **Friday, November 3, 2000** to: David Ashman, Manager of Maintenance and Development, City of Long Beach, Department of Parks, Recreation and Marine, 2760 Studebaker Rd., Long Beach, CA 90815-1697.

Help Wanted (Cont'd)

The forest is thriving in the Big Apple. And so can you.

Bring your arboricultural skills to Central Park Conservancy. As the organization behind New York City's greatest natural wonder, we offer all the resources you need to succeed including outstanding growth potential. Right now, we have an exceptional opportunity for an entry-level or experienced Tree Climber/Pruner to join our team.

In this role, you will perform tree pruning, tree removal, planting, deep-root feeding and general area/equipment maintenance.

To qualify for the trainee position, you must have a valid driver's license and the ability to perform heavy, manual labor outdoors. To qualify as an experienced hire, you'll need 1 year of related experience operating a bucket truck and climbing with a rope and saddle. This position can lead to increased responsibility including the operation of large equipment and vehicles. For all candidates, a CDL is preferred.

We offer a competitive salary commensurate with experience, great benefits and a location that speaks for itself. For consideration, forward your resume to: Central Park Conservancy, Human Resources, TCP-LM, 14 East 60th Street, 8th Floor, NY, NY 10022. FAX: (212) 310-6633. Or email: hrdept@centralparknyc.org Explore our careers and programs at www.centralparknyc.org and click on "Get Involved". EOE.

THIS AND THAT

Fine design

Twenty-six landscape professionals were recently honored for being the best in landscape design, maintenance and lighting at the 42nd Annual Beautification Awards presented by the Orange County/Long Beach Chapter of the California Landscape Contractors Association (CLCA).

The "Sweepstakes Award" for best overall entry went to Bruce Wayne Co. for the Crockett Residence in Newport Coast. Richard Taylor & Associates took home the "President's Award" for best entry in any landscape installation category. The

Stuart J. Sperber

"Judges' Award" for maintenance was awarded to Brian Smith & Associates.

The CLCA's top honor, the "Meridian Award," was also presented to Stuart J. Sperber for substantial beautification of the environment. Sperber is president and co-founder of Valley Crest Tree Co., Inc., Calabasas, CA.

LEO MICHAEL

Geese go bye-bye

There once was a story 'bout a goose named Gil, landed in a field and let out a little shrill, took off on the fly and told his buddies to make a break, the source of his fright was an inflatable snake.

It's true, folks. As reported out of the *Tacoma News-Tribune*, Mick Davis, a maintenance superintendent for Commencement Bay Mill Co., had enough of the geese that had taken over the company's front lawn, so he went to the local store and bought a snake-shaped inflatable lawn decoy for \$6.99. When the flock of 30 geese showed up, the lead goose saw the snake, turned tail and took off, with the rest of the flock following. Apparently, only two gutsy geese strut around the lawn now. It just goes to show there's more than one way to skin a cat, er, goose.

Recruiting edge?

In the highly competitive college recruiting market, Temple University may have just picked up an edge — at least with prospective students who love scenic surroundings. Temple's Ambler campus has officially been designated an arboretum, having ful-

filled the requirements set forth by the American Association of Botanical Gardens and Arboreta (AABGA). The 187-acre campus features rolling hills, forest, fields, and many learning gardens: an herb garden, ground cover garden, native plant garden, rock wall, woodland garden, wetland garden, trial garden, along with large

perennial borders. The Temple University Landscape Arboretum, open to the public, is cared for by horticulturist Stephanie Cohen, who was recently given the 2000 Garden Communicator's Award by the American Nursery and Landscape Association (ANLA).

LANDSCAPE MANAGEMENT (ISSN 0894-1254) is published monthly by Advanstar Communications, Inc., 131 W. IT'S EASY

But no one has to know how easy ...

Sure, you had to cut around a lot of obstacles, but you did it in record time! And if the customer's turf looks better than ever? You did it all on a Grasshopper, and it's never been easier. The secret is in the equipment.

No one has to know how easy mowing is with Grasshopper's front-mounted deck, where you have the visibility to trim and mow. Or the advantages of **HydraSmooth™ steering** that eliminate all footwork. **By all means keep mum** about how you stay comfortably in control with the **Ultimate Operator Station**. You complete your job ahead of schedule and still feel renewed for the rest of the day.

If you're lucky maybe they won't notice all the comfortable legroom you enjoy while reaching the deck under shrubs and trees. **You'll be the envy of every other contractor if anyone finds out ...**

You can't even break a sweat with maintenance so accessible and easy.

So keep these secrets low-profile — much like the terrain-hugging Grasshopper design — and let your quality of work speak for itself.

Give us a call or visit our website for details on Grasshopper's complete line of true zero-turn (True ZT) mowers and large capacity leaf/grass collection systems.

Ask for our free video on the Quick Converter Implement System, which transforms your air-cooled or liquid-cooled Grasshopper True ZT power unit into a compact turf renovation and snow removal system.

It's easy to finance or lease a Grasshopper! Ask for details.

Snow removal & turf renovation systems, PTO-driven, for no-slip RPM.

DuraMax™ 90° FlipUp™ Deck (44" to 61"). Bag, mulch or discharge using the same (44" to 72") deck.

First to Finish...Built to Last
