IMPEDE THE SEED.

Lurking just beneath the surface are thousands of tiny weed seeds, threatening to ravage lawns and established ornamentals. Fortunately, Pendulum® preemergent herbicide stops more than 40 broadleaf and grassy weeds dead.

Pendulum is a proven performer, offering well over a decade of unsurpassed, season-long control and unmatched value to maximize your profit margins.

It's a combination that's earned Pendulum a higher satisfaction rating from LCOs than any other preemergent.*

To learn more about how Pendulum can make sure weeds never see the light of day, call 1-800-545-9525, ext. T3257 or visit www.turffacts.com.

Always read and follow label directions.

INTRODUCING THE MOST POWERFUL DIESEL ANYONE COULD PUT IN A PICKUP:

The new Duramax® Diesel engine with the Allison® 1000 5-speed automatic transmission.

Both available only in Silverado® 2500HD and 3500. 300 hp, 520 lb.-ft. torque. 15,800-lb. maximum trailering capacity.†

From Chevy: "The most dependable, longest-lasting trucks on the road."** 877-THE TRUCK or chevy.com/silverado

SILVERADO HD
LIKE A ROCK

*Based on horsepower. †When properly equipped, and using a fifth-wheel or gooseneck trailer hitch. Maximum trailer weight ratings are calculated assuming standard equipped base vehicle plus driver. See The Chevy Trailering Guide for details. **Dependability based on longevity: 1981-1999 full-line light-duty truck company registrations. All claims exclude other GM divisions. ©2001 GM Corp. Buckle up. America!
JUST BUILT BETTER™
Reach for the Best.

Tree care is reaching new performance heights with Echo Power Pruners. They're designed to make pruning fast, easy and safe—exactly what today's professional demands. Echo Power Pruners come in a variety of models to give you superior cutting capabilities and remarkable reach. Some are even available with telescoping and extended shafts to help you cut the toughest jobs down to size. And though they're all heavy-duty, every Echo Power Pruner® features a lightweight design and vibration control devices for maximum operator comfort—every hard-working day.

The longest running, hardest working, most powerful outdoor power equipment in the landscaping business!

For more information, call 1-800-432-ECHO (3246) or visit us at www.echo-usa.com.
But no one has to know how easy...

Sure, you had to cut around a lot of obstacles, but you did it in record time! And if the customer's turf looks better than ever? You did it all on a Grasshopper, and it's never been easier. The secret is in the equipment.

No one has to know how easy mowing is with Grasshopper's front-mounted deck, where you have the visibility to trim and mow. Or the advantages of HydraSmooth™ steering that eliminate all footwork. By all means keep mum about how you stay comfortably in control with the Ultimate Operator Station. You complete your job ahead of schedule and still feel renewed for the rest of the day.

If you're lucky maybe they won't notice all the comfortable legroom you enjoy while reaching the deck under shrubs and trees. You'll be the envy of every other contractor if anyone finds out...

You can't even break a sweat with maintenance so accessible and easy.

So keep these secrets low-profile — much like the terrain-hugging Grasshopper design — and let your quality of work speak for itself.

Snow removal & turf renovation systems, PTO-driven, for no-slip RPM.

DuraMax™ 90° FlipUp™ Deck (44" to 61"). Bag, mulch or discharge using the same (44" to 72") deck.

First to Finish...Built to Last

It's easy to finance or lease a Grasshopper! Ask for details.
It's all about me!

If you're passionate about your business or organization, read on.

Your organization may be the perfect operating clone of your own personality, brains and drive. You probably eat, sleep and dream about it. Like many Green Industry professionals, success is your obsession. You are the organization.

So it's easy to say it's "all about me." After all, it's your business, staff and operation that has grown into a functioning, often profitable entity. You take the credit for success and stay awake at night worrying if things go bad. People expect you to navigate through all the storms.

And what's wrong with it being about me anyway, you say? Aren't I the one who bears all the risk, carries my employees' burdens and handles all our customers' fussy details? I'm the one sweating at the bank manager's desk, making the rules and dispensing justice, shouldering the responsibility for failure. Don't I have more to lose than anyone else?

You sure do. That's why you need to stop obsessing about you and start thinking more about THEM. If you've had only five minutes of quality training, you know your customers are both external and internal. If you expect to be successful in 2002, they will be far more important to your success than you.

Our 2001 State of the Industry research shows strong demand for your services through this summer in almost all segments of business (see page a1). But some slowdown is certain to occur as a result of the drop in corporate investment, the evaporation of many consumers' net worth from fallen tech stocks, and the uncertainty that plagues us all.

It's all about them

Whether this economy moves up or down, you still need to serve your employees and customers first. Here's why:

- Everyone's worried about the economy, including your employees. They need to be reassured, trained, secured, challenged and encouraged to take ownership of responsibilities. Now more than ever is the time to perfect your services and get your best employees on board long-term.

- Your residential customers worry, too. If times get tougher, you need to remind them of the value you bring to their lives. When budgets tighten up, people's perceptions of value change. Look at events from their perspective and find ways you can become indispensable to them.

- Your commercial customers need particular attention. How can you help ease their workload or give them more value for the same price? How can you become their partner, rather than just their vendor? If you're a grounds manager, ask how can you do more for less, pare your budget or enhance the appreciation of your services.

You probably already know that success depends on good relationships, in good times and in bad. You are crucial to your organization, but it's only by focusing on them that you'll ensure your organization's future.

You have more to lose than anyone else. That's why you need to stop obsessing about you and start thinking more about them.
A NOSE-TO-NOSE COMPARISON

Make an honest appraisal BEFORE... buying a Mid-Mount “Z” Riding Mower

**These days,** to the point of confusion, the commercial riding mower market is filled with Mid-Mount “Z”s. Many of these machines are being sold with empty points of price, ground speed and overkill of horsepower—ignoring true value to the owner.

To help the selection process, Walker has produced a **Buyer’s Guide** (hot off the press). While the Mid-Mount fits some mowing jobs, the **Buyer’s Guide** shows 10 ways the Walker is the better choice for many of today’s landscaped properties. Pick up a copy of the **Buyer’s Guide** at your Walker dealer or write or call for your copy today.
