

MICHIGAN AGRICULTURAL COLLEGE.  
EXPERIMENT STATION.

To the Editor:—

We believe that many of your readers will appreciate having their attention called to our new "Spray and Practice Outline for Fruit-Growers" in a notice like that below.

H. J. EUSTACE, Horticulturist.

R. H. PETTIT, Entomologist.

**Press Bulletin No. 23—DIRECTIONS FOR SPRAYING.**

Spray and Practice Outline for Fruit Growers is the title of Special Bulletin 51 of the Michigan Experiment Station. It gives concise directions for spraying fruit trees, bushes and vines to protect them from diseases and insects most common in Michigan.

The different mixtures used, how they are made, and when to be applied is all given in a way that is easy to understand.

This bulletin will be sent free upon request to R. S. Shaw, Director, East Lansing, Mich.

East Lansing, Michigan,  
April 15, 1910.
