Are You Getting 5-A-Day?

Eating five fruits and vegetables a day is important to maintain your health. What are you doing to fit "5-A-Day" into your lifestyle?

Are you:

- Including a fruit and/or vegetable every time you eat?
- Adding fresh fruit to your cereal?
- Snacking on grapes or raisins?
- Adding chopped fruit or berries to recipes, e.g., cookies and muffins?
- Drinking juice?
- Ordering extra vegetables when you dine out?
- Adding lettuce and tomato to your favorite sandwich?
- Keeping a bowl of fruit on the refrigerator shelf at eye level so it is the first thing you see when you open the refrigerator?
- Keeping clean, ready-to-eat raw vegetables in the refrigerator?
- Keeping a bag of your favorite frozen vegetables in the freezer for a quick warmup?

**MICHIGAN STATE
UNIVERSITY
EXTENSION**

MSU is an affirmative-action equal-opportunity institution. Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, marital status, or family status. • Issued in furtherance of Extension work in agriculture and home economics, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Margaret A. Bethel, Extension director, Michigan State University, E. Lansing, MI 48824. • This information is for educational purposes only.
