SELECTION of SHADE and FLOWERING TREES for Michigan Landscapes

Extension Bulletin E-710

Agribusiness Series

COOPERATIVE EXTENSION SERVICE . MICHIGAN STATE UNIVERSITY

This list of "Selections of Shade and Flowering Trees for Michigan Landscapes" has been compiled as a guide to some of the better selections of trees that are presently available for landscape beautification. This list should be used in conjunction with: Extension Bulletin 552 "Ornamental Deciduous Trees for Michigan," Extension Bulletin E-616 "Familiar Trees of Michigan," and "Michigan Trees Worth Knowing" (Michigan Department of Natural Resources). No attempt has been made to list all the cultivars of a species, but only those that are available in the trade and are hardy in Michigan.

Although all of the selections may not be available at a single garden center or nursery, most nurserymen can obtain them from other production nurseries. Plant Buyer's Guide published by the American Association of Nurserymen (835 Southern Building, Washington, D. C. 20005) should be consulted for possible sources of these plants.

Selections for Michigan

Acer platanoides

Almira Cleveland Columnare Crimson King Drummondii Emerald Queen

Erectum Faassen's Redleaf NORWAY MAPLE, 50-75', round, dense crown, dark green leaves. Small (20') globe shaped Upright, broad oval Upright, narrow (60') Purple-leafed during growing season Light green leaves edged with white Ascending branches, rapid grower, dark green leaves, similar to Summershade

Conical, with short lateral branches Dark red leaves, similar to Crimson King (Faassen's Black) (Royal Red) Clobosum Coldsworth Purple Greenlace Olmsted Schwedleri

Summershade

Acer rubrum

Armstrong

Autumn Flame

Bowhall

(Columnare)

Gerling

October Glory

Red Sunset

Scanlon

Schlesinger Tilford

Acer saccharinum

Pyramidale Silver Queen

Weiri (Beebe) Low growing (20') round-headed tree Purple leaves early in the season Cutleaf, rapid growth rate Upright, similar to Columnare Purplish-red leaves in spring, slow growing Oval shaped, leathery leaves, heat resistant, rapid growing, similar to **Emerald** Oueen RED MAPLE, 75', rounded to elliptical, with good red foliage color in fall. Fastigiate, spire-like, beautiful light gray bark Dense growing, brilliant scarlet fall foliage in fall Slow growing, narrow pyramidal shaped, bright red fall color (similar to Scanlon) Broadly pyramidal (35') densely branched Retains leaves late into fall, orange foliage color in the fall Heavy-textured leaves, excellent red fall color Conical, compactly branched, orangeamber red foliage in fall (similar to Bowhall) Scarlet fall color, rapid growth rate Globeheaded, uniform in shape SILVER MAPLE, 80', broad spreading crown, leaves with sharp margins, rapidly growing. Narrow head Leaves bright green with silvery under-surface Weeping form, "cutleaved"

| Acer saccharum | SUGAR MAPLE, 100', oval to elliptical, yellow or golden foliage color in the fall. | <u>Cornus florida</u> | FLOWERING DOGWOOD, 30', small flowering tree with horizontal branches, attractive floral bracts in |
|------------------------------------|---|---|--|
| Cutleaf | Deeply cut lobes, dark green foliage | | spring. (Bracts may be injured by |
| (Sweet Shadow) Globosum | Slow growing (10'), dense, round- | Apple Blossom | cold winter temperature.) Flower color similar to apple blos- soms |
| Green Mountain | headed Upright oval crown, dark green foliage, scarlet in the fall | Cherokee Chief Cherokee Princess | Bracts are ruby red Large white bracts |
| Newton Sentry (Sentry) | Columnar with central leader | Cloud 9 Multibracteata | Flowers at an early age, white bracts Double bracts |
| Temple's Upright (Monumentale) | 50', slender column with dark green foliage | (Plena) Pendula Palar | Weeping branches |
| Acer pseudoplatanus | SYCAMORE MAPLE, 75', a wide- spreading maple, with clusters of fruit during summer. | Rubra Springtime Welchii (Rainbow) | Pink bracts Bracts are rose-red Leaves are a combination of green, pink, and white |
| Brilliantissima | Leaves orange and yellow in the spring | White Cloud | Creamy white bracts |
| Prinz Hanjery | Leaves yellow-orange in the spring | | |
| Purpureum | Purple coloration on back of leaf | | |
| Worleei | Leaves orange and yellow in the spring | Cornus kousa | JAPANESE DOGWOOD, 20'. |
| Aesculus carnea | RED HORSE-CHESTNUT, 40' | Chinensis Milky Way | Foliage and bracts larger than species Creamy white, more prolific in flower- ing |
| Briotti | Scarlet colored flowers, foliage glossy | | Ing |
| Dilotta | green, seldom forms fruit. | | |
| Aesculus hippocastanum | n HORSE-CHESTNUT, 60' elliptical when young, rounded with age. | Fagus sylvatica | EUROPEAN BEECH, 80', large pyra- midal, with glossy green leaves, |
| Baumanni | Flowers double, no fruit formation | Asplenifolia | smooth, gray bark. Fernlike leaves |
| Betula verrucosa | EUROPEAN WHITE BIRCH, 40', pyra- | Atropurpunicea | Purple (copper) leaves |
| (pendula) | midal, somewhat pendulous, attrac- tive white bark. | (Atropurpurea) Cuprea | Copper foliage all summer |
| Fastigiata | Upright narrow spire | Dawyckii Fastigiata | Upright Narrow, upright form |
| Laciniata | Cutleaf form | Laciniata | Cutleaf form |
| (Gracilis) Purpurea | Purple leaves | Pendula | Weeping, green leaves |
| (Purple Splendor) | Tuple leaves | Purpurea Pendula | Red leaved, weeping form |
| (Scarlet Glory) | | Riversii | Young foliage is red, turns purple |
| Tristis | Slender pendulous branches | | with maturity |
| Youngii | Pendulous habit European Hornbeam, 50', pyramidal | Rohanii Spaethiana (Spaethi) | Red fernleaved form Red leaved, good color all season |
| Carpinus betulus | in youth, rounded with maturity (of questionable hardiness north of | (Spacin) Tricolor (Roseo-marginata) | Variegated foliage (green, white and pink), slow growth, may be hard |
| Columnaris | Flint). Narrow, somewhat egg-shaped | Zlatia | to establish Leaves at tip of branches are gold |
| Fastigiata | Upright, vase-shaped | Zhittit | colored |
| Clobosa | Rounded | | |
| Incisa | Leaves deeply lobed | | |
| Pendula | Weeping habit | | NT |
| Purpurea | Purple leaves | Fraxinus angustifolia | NARROW LEAF ASH |
| Pyramidalis Quercifolia | Broadly pyramidal Oakleaf form | Doctor Pirone | (35'), upright branches, glossy bright green foliage |
| Cercis canadensis | AMERICAN REDBUD, 25', flat-topped, | | |
| | irregular small tree, attractive pur- plish, pea-like flowers in early | Fraxinus americana | WHITE ASH, 80', erect with rounded |
| | spring. | | crown. |
| Alba | White flowers | Autumn Purple | Seedless American Ash with deep purple fall color |
| Pinkbud | Pink flowers | Rosehill | Seedless, dark green foliage. Tolerant |
| Pink Charm (Wither's Pink Charn | Pink flowers (no trace of purple) | HUSCHIII | of poor alkaline soils. Bronze-red |
| Purple Leaf | Young leaves deep purple | | fall color |

2

| Fraxinus excelsior | EUROPEAN ASH, 80', erect with rounded crown. | Burgundy | Burgundy-red fall color, holds leaves late in the fall |
|--|--|--|---|
| Globosa | Globeheaded (30'), with 20' diam- | Festival | Narrow, upright, peach colored |
| Gold Cloud | eter head Yellow twigs, leaves turn | | foliage |
| | yellow in fall | Palo Alto | Pyramidal symmetrical habit, bright |
| Hessei | Round-headed, simple, lustrous dark | | orange-red fall color |
| Pendula | green leaves (45'), weeping growth habit | Magnolia (hybrid) | Magnolia, 40'. |
| Rancho | Small (30'), round head | Merrill | Rapid growing, early flowering |
| Rancho | | (Dr. Merrill) | Taple Browing, carry howering |
| Fraxinus pennsylvanica | GREEN ASH, 60', dense, rounded | | |
| lanceolata | crown. | Magnolia soulangiana | SAUCER MAGNOLIA, 30', small flower- |
| Marshall's Scedless | Male form, does not produce fruit, | | ing tree with many main stems. A |
| | dark, glossy green foliage, may have | | hybrid form with many clones. |
| | less insect problems, yellow fall | Alba | White flowers |
| C | foliage | Alexandrina | Rose-purple, inside of petals white |
| Summit | Upright, pyramidal, glossy foliage | Burgundy | Dark purple flowers |
| | (female) | Grace McDade | White, pink base to petals |
| | | Lennei | Dark magenta-purple |
| Fraxinus uhdei | SHAMEL ASH, 30'. | Nigra | Darkest magenta |
| Tomlinson | Male, thick leathery dark, green leaves | Speciosa | Almost white |
| Fraxinus velutina | VELVET ASH, 40', small round-headed tree. | Magnolia stellata | STAR MACNOLIA, 20', small tree with double flowers. |
| Modesto | 20', round headed, foliage is dense, | Rubra | Purplish colored flowers |
| | bright glossy green, seedless | Waterlily | Upright, bushy, flower buds pink, |
| Cinkao biloba | MAIDENHAIR TREE, 75', open, wide- | | flowers white |
| Ginkgo biloba | spreading, fan-shaped leaves. | (There are many othe | er selected forms of Magnolia. Before |
| Fastigiata | Upright growth | planting, be sure they | |
| Pendula | Pendulous branchlets | printing, so sure me, | |
| (Male Forms): | | Malus | CRABAPPLE, 20-50'. |
