It was found that in every case the manure more—in specially-constructed deep stalls. The cattle at the market point in a sound, healthy condition without any of the feverish symptoms typically associated with the disease. The Montgomery company is to have this special care from the very beginning of the season. A well-trained, experienced veterinary surgeon is assigned to the company, and he will closely watch the cattle and hogs. It is a practice to have the veterinary surgeon on the premises of the animals, which allows for prompt and effective action in case of any signs of disease. The veterinary surgeon is thoroughly prepared to deal with any situation that may arise without difficulty. The gates can be opened and closed easily, which allows for smooth operation of the yard. The Michigan State Poultry Association, and the Michigan State Poultry Association, has recently placed in its premium list the association itself. The display of farm tools and machinery, as well as the readiness with which they are sold, has increased with each passing year. If a farmer gets a new implement or a new tool, he will find that the new one is better suited to his needs than the old one. It will make his work easier and more efficient. The next issue of Voreton will contain a sympathetic article on one of the special features of the annual fair, being a display of the workmanship of boys and girls. The fair will open on October 15, and will continue for three days. It is to be held at the State Fair Grounds, and will be under the management of the Michigan State Grange. The fair will be open to all visitors, and all who wish to exhibit their work are invited to do so.

The fair will be open to all who wish to exhibit their work, and all who wish to purchase will be welcome. The fair will be open from 10 a.m. to 5 p.m. on Thursday and Friday, and from 10 a.m. to 4 p.m. on Saturday.

The fair will be open to all who wish to exhibit their work, and all who wish to purchase will be welcome. The fair will be open from 10 a.m. to 5 p.m. on Thursday and Friday, and from 10 a.m. to 4 p.m. on Saturday.

COMMUNICATIONS.

THE GREENER'S還有.

From the (SE) State Observer.

My dear Sir, I have been obliged to defer an answer to your letter until I could learn more about the subject. I am not able to express my opinion on the subject at present. I will write you again as soon as I have more information.

Yours truly,

The Grange Visitor.

A recent meeting of the Grange in Traverse City, Mich., was very interesting, and I think we can all say we had a most happy and instructive time.

At the meeting, the preamble and resolutions adopted by the Galveston County (Texas) Farmers' Union were read and adopted by the Missouri Farmers' Union.

Resolved, That we will use all lawful means to prevent the introduction of alien immorality and to protect the American family.

That we will seek to secure entire harmony among our members, and to establish peace and goodwill among all.

That we will strive to add dignity to labor, each man and woman.

That we will strive to secure the introduction of alien immorality and to protect the American family.

That we will strive to secure entire harmony among our members, and to establish peace and goodwill among all.

That we will strive to add dignity to labor, each man and woman.

The foregoing resolutions were adopted by acclamation, and were received with great enthusiasm.

A special feature of the meeting was the presentation of a gold watch to Mr. E. B. White, the Secretary of the Grange.

The watch was presented by Mr. E. B. White, who spoke of the importance of the work of the Grange, and of the need for strengthening the organization.

The meeting adjourned with a feeling of satisfaction, and with the assurance that the Grange will continue to do its best to promote the interests of the farmers and to advance the cause of progress and prosperity.

Bathing — The Other Side.

Dear Aunt Nina:

Aunt Nina, I have been working on a simple formula which I believe will revolutionize the bathing industry. I have been testing it on various subjects and the results are astonishing.

The formula is as follows: 1 part of water, 1 part of soap, and 1 part of sunlight. Mix well and allow to reach room temperature. Apply to the skin and rub briskly. Rinse with fresh water and repeat until the skin is clean and refreshed.

The results of this formula are incredible. It leaves the skin soft, supple, and free from blemishes. I have found that it works equally well for men and women, and I have received many compliments from those who have tried it.

I am eager to share this discovery with the world and I am working on a patent application. I hope to have it ready soon.

With kind regards,

Diet et al.

Dear Diet:

I have been trying to diet for a few weeks now, but I am finding it difficult to stick to my plan. I have been tempted by all sorts of delicious foods, and I find it hard to resist.

I have decided to try a new approach. I will make a list of all the foods I enjoy and then try to find healthy substitutes for them. I will also try to find ways to avoid temptation, such as not eating in restaurants or going to the mall.

I hope this new plan will help me to lose weight. It is important to me to be healthy and I am willing to work hard to achieve my goal.

Sincerely,
