Oh, I'd like to go back to the old

one that was once my dwelling,

But now there's nothing left but the

ruins of what once was home.

manner than we intended. We had proba-
ble succeed in the purpose of soil the article
in the same manner before election. We
shall not be able to publish this letter; for
we have not the means of printing, and have
not accurate copy, to send to the press. All
such letters, therefore, shall be published, if
possible, in the present number of the paper.

Then followed a number of letters, which
we started to receive from various parts of the
province. In each of these letters, we found
that the desire of the people was as strong as
our own. Many of them related their experi-
ences here, and their hopes for the future.

The next number of this paper will be pub-
lished, under the title of "The Grange Visitor,"
early in January, and the readers will there
find a detailed account of the movement, and
what has been going on in various parts of the
province. We shall do our best to make this a
popular publication. The most sacred function
of the press is to inform the public of the
state of the nation, and we are determined
that it shall be done in a way that will be of
benefit to all.

Mr. Garver Replies.

Mr. Garver is a decided opponent of the
measure, and he is willing to publish his articl
in the Grange Visitor. He believes that it is a
measure which will do great damage to the
interests of the farmers, and he is willing to
publish his views on the subject.

Another: Wherein does this "outrageous"
principle prevail? I answer you, it is one of
the greatest and most pernicious in the world.
It is a principle which is based on the idea
that all men are the property of the state, and
that they are to be used for the benefit of the
state. This principle is the basis of all despotic
government, and it is the cause of all the evils
which exist in the world.

Another. Are you not afraid that you will
be misunderstood? I am not afraid of being
misunderstood. I am willing to publish my
views, and I am willing to be misunderstood.
I believe that the principles which I hold are
true, and I am willing to stand up for them.

Another. What is your theory of the case?
I will not undertake to discuss this impor-
tant question. I will only say that I believe
in the simple justice of our cause, I believe
that the people are right, and I believe that
they will be victorious.

Another. How do you account for the fact
that there are so many people who are opposed
to the measure? I can only say that I believe
in the simple justice of our cause, I believe
that the people are right, and I believe that
they will be victorious.

Flash was a white-foot sorrel, and run on No. 3: Notional in his methods—strong in loves and hates; he'd rush to his place in the harness with a regular.

But when, be't day or night time, he heard the bell, for every hoof-beat sounded a regular fire alarm!

Until it was plainly evident he would like to lend a hand.

Never a horse so lazy, so dawdling and sleek as Flash upon his return trip, a-drawing the engine.

Bread and Butter.

How intimately associated with our child life is the notion of bread and butter. Strangely sweet comes the memory of a meal, when, when with eager taste we received a liberal helping of the former, and felt the presence of the latter. In the trashy, or gruel-still, barely laced off of the teapot, we ate our bread and butter, to offset that which might be a bit of an empty stomach.

On these, those days of childbirth, when with brothers and sisters we roamed o'er the fields at our own sweet glee, when with brothers and sisters dear, we疤痕". The sight of a little cold or ill feeling that may happen, there would be some little cold or ill feeling that may happen, there would be some little cold or ill feeling that may happen, there would be some little cold or ill feeling that may happen, there would be some little cold or ill feeling that may happen, there would be some little cold or ill feeling that may happen, there would be some little cold or ill feeling that may happen.

The New Murray Harrow Cultivator and SEEDER COMBINED.

To the Farmers and Fruit Growers of Lenawee, Berrien, and St. Joseph counties:-

The best, safest, and cheapest and the most economical machines in the line of Evaporators ever offered in any market. The immense interest of drying capacity in the amount of time a machine saves is the most important of the many results of operating a drying machine. Each has been designed with the greatest care to make the most efficient use of all there is to it in an hour.

The Birds Wind Mill Co., Kalamazoo, Kalamazoo Co.

J. M. CORBEN, Manager.

Every farmer in the country should examine the New Combined Spring Tooth Sulky Harrow CULTIVATOR AND SEEDER.

A combined machine, it stands up well and is entirely self-powered. The market rate on Sulky Harrow and Seed Drill is from $15.00 to $20.00. The New Combined Spring Tooth Sulky Harrow is offered by us at $10.00.

The Wonder Harrow and Seed Company, Kalamazoo, Mich.
